Transit Influences. Earth 22.2 Charm school lights natal Channel 12–22 Openness — a design of a social being — from the feeling side against Personality Venus 22.1 and Personality North Node 12.5. In plain terms: his own social channel is louder. Mood wants to speak. Uranus 20.6 Contemplation against Design South Node 10.2 holds Channel 10–20 Awakening — a design of commitment to higher principles. In plain terms: behavior wants a now-deed. Jupiter 7.3 The Anarchist against Design Mars 31.2 holds Channel 7–31 the Alpha — a design of leadership. In plain terms: direction wants a sentence. There is no split. All three sit on the Single circuit he already lives.

Effects. Three overlays, one body. Openness makes the door feel open from the inside. Awakening makes awareness want to become motion. The Alpha makes a private clarity feel like a stance. The effect is a public-feeling day in a house that does not need a crowd. The wave still decides. The sacral still answers after the wave. Charm is style, not permission.

Expanded examples. Morning: walk, wait, no announcement. Afternoon: one person already in the field, or no one. A 6/2 on the roof of Migration can feel the door and stay on the roof. One sharing after the wave is enough. Limited contact is the correct use of 12 and 40.

Difficulties. Lit Openness talks before the wave is done. Charm school performs. The Alpha plus Openness turns informing into a broadcast. Awakening turns every awareness into a deed. Open Head and open Spleen fill the quiet. If no one answers, the Role Model leaves the roof.

Resolution. The move is wait the wave, then one sacral sound, then one deed — or none. Feel first. Do not perform 22. Contemplate before you move. Leadership does not need a crowd. Keep the door honest.

Bridging Effect. The move is the same close: one circuit, nothing to weld. Mood, behavior, and direction can all reach the voice. Limited contact protects open Head and open Spleen and sits with 40, 12, and 33. Wait. Respond. Stop.

Transit Influences. Earth 22.3 The enchanter still lights natal 12–22 Openness. Uranus 20.6 still holds 10–20 Awakening. Jupiter 7.3 still holds 7–31 the Alpha. In plain terms: same three overlays. The only change is the second-day grab — yesterday's mood will try to finish itself this morning.

Effects. Familiar brightness. Openness still wants mood to become voice. The enchanter wants the room to receive him. Awakening still wants a deed. The Alpha still wants a stance. The wave has not agreed to a sequel. One circuit. No split.

Expanded examples. Unfinished business is Friday's trick. Do not go out because yesterday's mood is still on the door. A small sharing that survived last night's wave is honest. A larger one invented to keep the Alpha employed is not. If a call is already in the field, feel first, then speak, then be done. If the house is quiet, leave it quiet.

Difficulties. Yesterday's useful sentence gets reused before today's wave has spoken. Grace wants a reception. Quiet looks like no one answering. The Role Model leaves the roof.

Resolution. The move is smaller than Thursday, not larger. Wait the wave. Sacral sound. One deed after a yes, or none. Do not follow up a sharing the body has not authorized again.

Bridging Effect. The move is take the same circuit again and stop sooner. Nothing to weld. Limited contact still protects the open centers. Wait. Respond. Stop.

Transit Influences. Earth 22.4 Sensitivity still lights natal 12–22 Openness. Uranus 20.6 still holds 10–20. Jupiter moves to 7.4 The Abdicator and still holds 7–31. In plain terms: social channel still loud. New flavor on the Alpha — leadership that can stand down.

Effects. Sensitivity wants to adjust tone for whoever might appear. Abdication wants the role to rest if the body has not answered. Awakening still wants a now-deed. The effect is a weekend that feels available. It does not require a crossing. Standing down is not collapse.

Expanded examples. A Saturday roof can treat extra time as a reason to use the door. It is not. One already-known person, or no one. A walk that does not become an announcement. If a call is in the field, feel first, then speak, then be done. The Abdicator can drop a stance the wave has not finished.

Difficulties. Sensitivity over-styles an empty room. Abdication gives the day away before the sacral has spoken, then grabs it back. Three overlays still make a private Saturday feel public.

Resolution. The move is wait the wave, then the sacral. Simpler contact, not more ritual. Stand down when the body has not answered. Limited contact is not a failed Saturday.

Bridging Effect. The move is one circuit, and the Alpha can yield. Nothing to weld. Feel. Respond. Leave the unused door closed.

Sunday, September 13, 2026

Transit Influences. Earth 22.5 Directness still lights natal 12–22 Openness. Uranus 20.6 still holds 10–20. Jupiter 7.4 still holds 7–31. In plain terms: four days of Openness now. Directness wants one clean sentence. That sentence is not a yes until the wave is done.

Effects. Directness drops the performance when a principle is clear — after feeling, not before. Awakening still wants the sentence now. The Alpha can still stand down. The sky is repeating itself. The work is not a new crossing.

Expanded examples. A Sunday roof can treat four days of lit Openness as unfinished social business. One true sentence to someone already in the field, or to no one, then retreat. 33 knows how to watch and leave. A short walk and a closed door after that is a complete Sunday.

Difficulties. Directness before the wave is the crude version of Openness. The Alpha plus Directness turns a private clarity into an order. If no one is there to receive the sentence, the mind calls the day wasted.

Resolution. The move is feel first, wait, then one sentence if the sacral says yes. Higher principle, not edge. Stand down if the body says no. Do not collect people to give the sentence a stage.

Bridging Effect. The move is one sentence after the wave, then the door. One circuit. Nothing to weld. Limited contact keeps 12's caution at the door.

Monday, September 14, 2026

Transit Influences. Earth 22.6 Maturity lights natal 12–22 Openness for the last day of this pass. Uranus 20.6 still holds 10–20. Jupiter 7.4 still holds 7–31. In plain terms: last sky-brightness on Openness. Tomorrow Earth leaves 22 and moves onto 36. Natal 12–22 stays his. It just stops being sky-loud.

Effects. Last-day lighting wants a finale. Maturity is form and substance aligned — not a closing act. The grab is to use the door before it dims. The door does not leave. Only the emphasis does. Awakening and the Alpha remain.

Expanded examples. A 6/2 can feel a last-day grab: say the thing, cross the thing, make the week count. Monday can stay small — one person already in the field, or a morning that belongs only to the wave. Migration will still be here tomorrow when the lighting moves to Transitoriness. No speech required to close the social week.

Difficulties. Last-day Openness talks to keep the lighting. Maturity becomes a different performance rather than no performance. The Alpha wants to lead the week to a conclusion. Awakening wants that conclusion now.

Resolution. The move is one honest sharing after the wave, then let Earth leave 22. Do not chase it. Substance, not a closing act. The role can rest.

Bridging Effect. The move is let the brightness end. Openness lit one more day. Awakening and the Alpha remain. Nothing to weld. Tomorrow the lighting moves. The design does not.

Tuesday, September 15, 2026

Transit Influences. Earth 36.1 Resistance leaves 22 and now lights natal Channel 35–36 Transitoriness — a design of a Jack of all Trades — against Design Earth 35.2 and Personality Mercury 36.4. In plain terms: the

experience arm of Migration is on. A hunger for change is weather, not a yes. Uranus 20.6 still holds 10–20. Jupiter 7.4 still holds 7–31. Natal 12–22 returns to ordinary volume.

Effects. The lighting moved. Openness is no longer sky-bright. Transitoriness wants a new experience so the feeling will move. Resistance is the power to handle that feeling — or the refusal that starts the crisis. Awakening wants the change now. The Alpha wants to lead it. Experience is a cycle. It is not a goal.

Expanded examples. Morning: name the restlessness. Do not act it. Afternoon: one small change the sacral already answered, not a new life. Limited contact keeps the experience from needing a witness. 33 can watch a cycle without becoming it. The Cross does not require an audience to turn.

Difficulties. Lit Transitoriness starts a story to make the feeling move. Resistance forces a change so the feeling will stop. The Alpha leads the change. Awakening wants it now. Open Head invents a destination the cycle does not have.

Resolution. The move is wait the wave. Experience is not permission. Handle the feeling of change. Do not start a crisis. Contemplate before any new crossing. Stand down if the body has not answered.

Bridging Effect. The move is feel the change and do not appoint it a leader. Lighting moved from Openness to Transitoriness. Awakening and the Alpha remain. Nothing to weld. Limited contact lets 35–36 run without a campaign.

Wednesday, September 16, 2026

Transit Influences. Earth 36.2 Support still lights natal 35–36 Transitoriness. Uranus 20.6 still holds 10–20. Jupiter 7.4 still holds 7–31. In plain terms: second day of experience-weather. Support is help in a change that is already real — not a reason to take on someone else's cycle.

Effects. The wave is one day older, not finished. The roof will want yesterday's restlessness resolved overnight. It will not be. Support can become a general rescue. The Alpha can become the manager of the new experience. No new channel formed.

Expanded examples. No audience for a story that is still mid-wave. A walk that names the feeling without turning it into a plan. One practical hand only if the sacral already answered and the wave has settled enough to be useful. Migration is not a Wednesday project.

Difficulties. An unfinished feeling looks like a problem the Alpha should fix. Support becomes rescue. Lit 35–36 plus 7–31 turns a private change into a campaign. Open Spleen makes the change feel urgent and safe at the same time.

Resolution. The move is stay with the wave. Help only if it is asked for and felt. Do not lead a change the body has not answered. One person after clarity if anyone is affected. No room for the story.

Bridging Effect. The move is let the cycle take its time. Experience lit. Direction and behavior still overlaid. Nothing to weld. Wait. Respond. Stop.

Thursday, September 17, 2026

Transit Influences. Moon 5.2 Inner Peace stands exact Design Sun 5.2 and lights natal Channel 5–15 Rhythm — a design of being in the flow — against Design North Node 15.2. In plain terms: the other arm of Migration is Moon-bright for this day only. Fixed rhythm, not a schedule from outside. Earth 36.3 Transition still lights natal 35–36. Uranus 20.6 still holds 10–20. Jupiter moves to 7.5 The General and still holds 7–31. Four overlays. Still one circuit.

Effects. Rhythm wants the day on rails. Transitoriness wants the rails to change. The General wants to command both. Inner Peace is the ability to ignore a premature act. The Cross is lit from both arms today. That is recognition, not a march. Four channels talking is still one definition.

Expanded examples. Keep the known pattern — the walk at the usual hour, the meal at the usual time — and let the experience-wave move underneath without a destination. One small deed that fits the existing pattern and survived last night's feeling. Do not collect people to make Migration look complete. Tomorrow the Moon leaves 5 and Rhythm returns to ordinary timing.

Difficulties. Moon-lit 5–15 wants rails. 7.5 wants to command the rails. Lit 35–36 wants the rails to change. Inner Peace feels like stagnation and then grabs. Four overlays convince the mind this is the day to migrate. Open Head writes the itinerary.

Resolution. The move is find the rhythm first, then wait the wave, then the sacral. Inner peace, not rigidity. Change that has been endured, not a new order at breakfast. The General waits. Contemplate before the deed. Do not collect a column.

Bridging Effect. The move is keep the pattern and do not command it. Rhythm joins Transitoriness, Awakening, and the Alpha for one day. Nothing to weld. Tomorrow Rhythm drops. Limited contact keeps the Cross from becoming a public march.

Friday, September 18, 2026

Transit Influences. Earth 36.4 Espionage stands exact Personality Mercury 36.4 and still lights natal 35–36 Transitoriness. In plain terms: his own 36, exact. A sharp feeling of change. That sharpness is information, not an emergency. Uranus 20.6 still holds 10–20. Jupiter 7.5 still holds 7–31. Yesterday's Moon left 5. Natal 5–15 is no longer Moon-lit.

Effects. Exact 36.4 sharpens the cycle. Espionage is quiet knowledge that gets a person through change — not a double life and not a performance. The General plus exact crisis can declare an ending. Awakening wants the ending now. Rhythm has gone back to ordinary. The Cross is still his. Friday does not finish Migration.

Expanded examples. Morning keeps yesterday's rhythm. Afternoon names the change without announcing it. One prepared next step only if the wave has settled and the sacral has answered. Observe from the roof. 33 can witness. 40 can withdraw. 12 can stay cautious at the door. Close the window without a court.

Difficulties. Exact 36.4 plus 7.5 declare an emergency and appoint a general. Espionage sells the crisis or surrenders to decline. Awakening wants the emergency now. The mind calls a sharp Friday a failed week if nothing visible moved.

Resolution. The move is wait the wave. A sharp feeling is not a yes. Keep the information close until the body answers. Contemplate. Use the General only after feeling, and only as direction that has been tested. Keep the hermit's door.

Bridging Effect. The move is feel, respond, and do not collect a court. Transitoriness exact-lit. Awakening and the Alpha still on. Rhythm no longer sky-bright. Nothing to weld. Limited contact sits with 40, 12, and 33. Stop.

These nine days touch Dennis here: hanging Design South Node 10.2 completed as 10–20 Awakening the whole window; hanging Design Mars 31.2 completed as 7–31 the Alpha the whole window (Jupiter 7.3, then 7.4, then 7.5); Earth in 22 lighting natal 12–22 Openness from September 10 through 14; Earth in 36 lighting natal 35–36 Transitoriness from September 15 through 18, exact 36.4 on the 18th; Moon 5.2 lighting natal 5–15 Rhythm on September 17 only. Natal 37–40 Community and 33–13 the Prodigal are not rewritten. There is no electromagnetic channel to feed. There is no split to weld. The sky does not grant a new Cross. The move every day is wait the wave, sacral sound, one deed after a yes, then stop. Limited contact is how Migration stays honest.
