

Eike — Transit Report

September 10, 2026 through September 18, 2026

Prepared by Dennis Fried

Voice: V3.2 Direct

Type: Generator | Profile: 6/2 | Authority: Sacral | Definition: Triple Split | Cross: Left Angle Cross of Distraction (60/56 | 28/27)

Thursday, September 10, 2026

Transit Influences. Uranus 20.6 Contemplation against Design Venus 34.5 holds Channel 20–34 Charisma — a design where thoughts must be deeds. In plain terms: the Beat can reach the voice. Venus 50.5 against Design Earth 27.2 holds Channel 27–50 Preservation — a design of custodianship. In plain terms: the Beat can reach instinct and care. Mercury 46.3 with South Node 29.6 against Design Mars 46.4 holds Channel 29–46 Discovery inside the Beat. In plain terms: a private yes sits in body and direction. It is not a hallway to another room. North Node 30.6 with Pluto 41.2 against Personality Moon 30.1 holds Channel 30–41 Recognition of Feelings. In plain terms: a borrowed feeling-story lands on Struggle. It is not sacral authority. Moon 64.3 against hanging 47 completes Channel 64–47 Abstraction for this day only. In plain terms: the open mind is loud. Curiosity still does not join Struggle.

Effects. Two hallways leave the Beat today — one to the voice, one to care. Discovery stays home in the body. Struggle has extra weather. Abstraction wants a list. The effect is three rooms busier, and two of them can talk to the body. Ideas and purpose still cannot talk to each other. The sacral still decides. A sky-yes in 29 is not her yes. A feeling-story in 30 is not her authority.

Expanded examples. Morning belongs to the body. Walk. Task. Wait for a sound that is actually a sound. Afternoon belongs to one hallway, not both: either one contemplated sentence, or care of the form that is here — food, rest, the door. Do not run the mental list and the kitchen at the same time. A 6/2 on the roof of Distraction does not need a house full of people to sequence the day. Limited contact is the correct setting.

Difficulties. Charisma speaks before the sacral. Preservation becomes custody of whoever is missing. Discovery pushes a persevering yes. Recognition exports mood into purpose. Abstraction writes the day as if the list were authority. Open Ego fills if the rooms disagree. Curiosity and Struggle still have no hallway.

Resolution. The move is sacral sound only, then one deed, then stop. Contemplate before the voice. Care for her own form. Leave the new yes inside the Beat. Let the feeling-story stay on Struggle. If the parts disagree, change rooms once and wait. Do not collect people.

Bridging Effect. The move is body first. Beat can reach voice. Beat can reach care. Discovery stays in the Beat. Struggle has weather and does not talk to Curiosity. Abstraction is on for today only. Limited contact protects open Head, open emotions, and open Ego. Wait for the sacral. Stop.

Friday, September 11, 2026

Transit Influences. Uranus 20.6 still holds 20–34 Charisma. Venus 50.5 still holds 27–50 Preservation. Mercury 46.4 stands exact Design Mars 46.4 and still holds 29–46 Discovery inside the Beat. North Node 30.6 with Pluto 41.2 still holds 30–41. In plain terms: same two hallways from the Beat, and Discovery is exact today. Yesterday's Moon left 64. Abstraction is off.

Effects. Exact Discovery makes perseverance feel like proof. It is not. The second-day grab is to finish Thursday's sentence or Thursday's care. The sacral has not agreed to a sequel. Two hallways still leave the Beat. Ideas and purpose still do not share a hallway. Abstraction's leftover list is not a channel.

Expanded examples. Unfinished business is Friday's trick. Do not send yesterday's sentence because it is still on the desk. Do not lock Wednesday's care into a duty. Exact 46.4 is impact that does not need an audience. Morning: body. Afternoon: one hallway. If the house is quiet, leave it quiet.

Difficulties. Exact Discovery treats Impact as a yes the body has not sounded. Consistency in 50 turns care into obligation. Charisma wants the deed now. Recognition still exports mood. Thursday's mental list lingers as if Abstraction were still on.

Resolution. The move is smaller than Thursday. Sacral sound only. A sky-yes in 29 is not her yes. Consistent care of her own form, not a household. Contemplate before the deed. Change rooms once if the parts disagree.

Bridging Effect. The move is the same map, quieter mind. Beat to voice. Beat to care. Discovery inside the Beat, exact. Struggle still separate from Curiosity. Abstraction off. Wait for the sacral. Stop.

Saturday, September 12, 2026

Transit Influences. Uranus 20.6 still holds 20–34. Venus 50.6 is the last day of 27–50 Preservation. Mercury 46.6 is the last day of 29–46 Discovery. North Node 30.6 with Pluto 41.2 still holds 30–41. In plain terms: last day the Beat can reach care through Preservation, and last day of the private yes inside the Beat. Tomorrow those two extras leave. Charisma and Recognition remain.

Effects. Last-day lighting wants a finale — one more yes, one more act of custody. That grab is the effect. Preservation can leave tonight without a ceremony. Discovery can leave without a vow. The Beat will still be hers. The two hallways that remain tomorrow are Charisma only, plus weather on Struggle.

Expanded examples. A Saturday roof can treat the last day as a reason to lock care and commitment. It is not. Body first. One contemplated deed or one small care of her own form. Then let 27–50 and 29–46 go. Limited contact keeps the finale from needing witnesses.

Difficulties. Last-day Preservation hosts a household that did not ask. Last-day Discovery signs a crossing. Charisma performs the ending. Recognition makes the ending feel fated.

Resolution. The move is sacral sound, one deed, then let the extras leave. Do not stage Saturday. Care for what is here. Leave the new yes unsigned.

Bridging Effect. The move is let two hallways end. Beat still reaches voice. Beat still reaches care today. Tomorrow care-hallway and Discovery drop. Curiosity still does not join Struggle. Wait for the sacral. Stop.

Sunday, September 13, 2026

Transit Influences. Uranus 20.6 still holds 20–34 Charisma. North Node 30.6 with Pluto 41.2 still holds 30–41. Venus has left 50 and stands at 28.1, lighting electromagnetic Channel 28–38 Struggle — a design of stubbornness — from the Cross gate of purpose. In plain terms: Preservation is off. Discovery is off. Struggle itself is now sky-bright. The Beat can still reach the voice. The Beat no longer has a sky-hallway to care. Curiosity still does not join Struggle.

Effects. The drop is the effect. Care-energy and yes-energy are gone. Purpose is louder. Charisma still wants a deed that reaches the voice. Recognition still puts a story on Struggle. Lighting EM 28–38 does not weld anything. It turns up the room she already carries. Open Sacral will look for the missing care-job. That job is gone.

Expanded examples. Sunday can look like unfinished Saturday business. It is not. Morning: body. One contemplated task if the sacral says yes. Afternoon: let Struggle be on without managing it — a walk, a boundary, no campaign. Do not restart caretaking to replace 27–50. Do not sign the yes that 29–46 no longer supports. Stay on the roof.

Difficulties. The drop feels like failure. Lit Struggle becomes a fight that needs an opponent. Charisma drafts the voice into that fight. Recognition makes the fight feel like destiny. Open Ego wants a field to manage.

Resolution. The move is sacral sound only. Purpose is weather on a room she already has, not a war. Contemplate before any sentence. Do not hire a guest to replace yesterday's hallways. Change rooms if the parts disagree.

Bridging Effect. The move is live the simpler map. Beat to voice. Struggle lit and separate. No Beat-to-care hallway today. Curiosity still separate from Struggle. Wait for the sacral. Stop.

Monday, September 14, 2026

Transit Influences. Uranus 20.6 still holds 20–34. North Node 30.6 with Pluto 41.2 still holds 30–41. Venus 28.1 still lights electromagnetic 28–38. Moon 28.5 stands in the same gate for this day. In plain terms: Struggle is doubled from the 28 side. Purpose and stubbornness are louder. Still no hallway from ideas to purpose. Still no Preservation.

Effects. Two bodies on 28 make Struggle feel personal and sharp. That sharpness is not a sacral yes. Charisma still offers a hallway from body to voice. The effect is a Monday that wants a stand. The stand waits for a sound.

Expanded examples. Keep Monday small. Body first. If the sacral says yes, one contemplated deed. If Struggle is loud, let it be loud in the body without announcing a purpose to the house. Limited contact keeps stubbornness from needing an audience.

Difficulties. Doubled 28 picks a fight with the quiet. Charisma wants that fight spoken. Recognition writes the plot. Open emotions ride the borrowed story as if it were authority.

Resolution. The move is wait for the sacral before any stand. Struggle can be on and still not run the day. Contemplate. Change rooms once. Do not collect people to witness purpose.

Bridging Effect. The move is body, then one deed or none. Beat to voice. Struggle doubled and separate. Curiosity still not joined. Wait for the sacral. Stop.

Tuesday, September 15, 2026

Transit Influences. Venus 28.2 stands exact Design Sun 28.2 and still lights electromagnetic 28–38 Struggle from her own Cross gate. Uranus 20.6 still holds 20–34. North Node 30.6 with Pluto 41.2 still holds 30–41. In plain terms: exact purpose on the Cross of Distraction. Exact is not permission. The Beat still reaches the voice. Ideas still do not reach purpose.

Effects. Exact 28.2 makes stubbornness feel like identity. Distraction's 28/27 arm is lit from the struggle side only — 27–50 is already gone. The effect is a Cross that wants to be lived as a stand. The sacral still has to sound. Charisma can carry a deed to the voice after that sound, not before.

Expanded examples. A 6/2 can treat exact Cross-lighting as a day that must mean something in public. It does not. Morning: ordinary Beat. Afternoon: one yes that is a sound, then one small act, then the roof. Exact purpose does not require a witness.

Difficulties. Exact Struggle declares a cause. Charisma broadcasts it. Recognition makes it feel fated. Quiet looks like the Cross failing. Open Ego fills.

Resolution. The move is sacral sound, then one deed, then stop. Exact 28 is hers already. It does not need a campaign. Contemplate. Leave Curiosity to search without announcing.

Bridging Effect. The move is live exact Struggle without welding it. Beat to voice. Struggle exact and separate. No Curiosity-to-Struggle hallway. Wait for the sacral. Stop.

Wednesday, September 16, 2026

Transit Influences. Moon 34.2 turns up natal-hanging 34 and lights 20–34 Charisma from the doing side, while Uranus 20.6 still holds the now side. Venus 28.2 still lights electromagnetic 28–38. North Node 30.6 with Pluto 41.2 still holds 30–41. In plain terms: the body-to-voice hallway is emphasized from both ends today. Struggle stays lit. Still no weld to Curiosity's purpose-gap — Curiosity and Struggle still do not talk.

Effects. Charisma is louder. Thoughts want to be deeds faster. Struggle is still on. Two loud rooms plus one hallway can feel like the whole house is moving. It is not. The sacral is still the only authority. A faster hallway is not a faster yes.

Expanded examples. Wednesday's trick is speed. Do the morning in the body before any sentence. If the sacral says yes, one contemplated deed is enough. Do not let the doubled Charisma and lit Struggle share a campaign. Limited contact keeps the speed from becoming a crowd.

Difficulties. Doubled Charisma acts before the sound. Lit Struggle supplies the cause. Recognition supplies the plot. Open Head writes the speech.

Resolution. The move is slower than the hallway. Sacral sound first. Contemplate. One deed. Stop. Change rooms if voice and purpose start arguing.

Bridging Effect. The move is use the hallway after the sound, not instead of it. Beat to voice, both ends lit. Struggle separate. Curiosity separate from Struggle. Wait for the sacral. Stop.

Thursday, September 17, 2026

Transit Influences. Uranus 20.6 still holds 20–34. Venus 28.3 still lights electromagnetic 28–38. North Node 30.6 with Pluto 41.2 still holds 30–41. In plain terms: no new completion. Same two rooms plus one hallway. Yesterday's extra Moon on 34 is gone. The map is simpler again.

Effects. Familiar weather. Body can reach voice. Struggle is on. Feeling-story still sits on purpose. The leftover habit is yesterday's speed. The sacral has not agreed to keep that pace. Ideas and purpose still take turns.

Expanded examples. Thursday does not need a new crossing to prove Distraction. Body first. One contemplated deed if the sound is yes. Let Struggle be on without a speech. Stay on the roof. Limited contact is the real size of the day.

Difficulties. Yesterday's doubled Charisma wants a sequel. Lit Struggle wants an opponent. Quiet looks like stalling. Open Ego wants a field.

Resolution. The move is back to ordinary pace. Sacral sound. One deed or none. Contemplate. Do not collect people to warm the rooms.

Bridging Effect. The move is the simple map. Beat to voice. Struggle lit and separate. Curiosity not joined to Struggle. Wait for the sacral. Stop.

Friday, September 18, 2026

Transit Influences. Moon 11.3 lights natal Channel 11–56 Curiosity — a design of a searcher — from the ideas side against Personality Earth 56.6. In plain terms: the ideas-and-voice room is sky-bright for this day. Uranus 20.6 still holds 20–34, so the Beat can still reach that same voice. Venus 28.4 still lights electromagnetic 28–38. North Node 30.6 with Pluto 41.2 still holds 30–41. Curiosity is louder. It still does not join Struggle.

Effects. Curiosity wants to search and tell. Charisma wants that telling to be a deed. Struggle still wants a stand. Three rooms talking at once is the effect. Two of them share a voice today. Purpose is still in another room. A search is not a yes. A stand is not a search.

Expanded examples. Close the window from the roof. Morning: body. If the sacral says yes, one small act. Afternoon: let Curiosity look without announcing a finding to Struggle. Do not use Friday's brighter ideas to pick a fight for 28–38. One sound. One deed. Stop. A 6/2 does not need a review committee to end nine days.

Difficulties. Lit Curiosity broadcasts. Charisma turns the broadcast into action before the sacral. Lit Struggle drafts the search into a cause. Recognition makes the week's ending feel fated. Open Head and open Ego fill.

Resolution. The move is sacral sound, then one deed, then let Curiosity search in private. Do not weld ideas to purpose by talking. Contemplate. Stay on the roof. Limited contact keeps the search from becoming a campaign.

Bridging Effect. The move is end the window without a weld. Beat to voice. Curiosity lit and still separate from Struggle. Struggle lit and separate. Wait for the sacral. Stop.

These nine days touch Eike here: hanging 34 completed as 20–34 Charisma the whole window (Moon also on 34 on the 16th); hanging 30 completed as 30–41 Recognition of Feelings the whole window; hanging 27 completed as 27–50 Preservation September 10 through 12 only; hanging 46 completed as 29–46 Discovery September 10 through 12 only, exact 46.4 on the 11th; hanging 47 completed as 64–47 Abstraction on September 10 only; electromagnetic 28–38 Struggle lit from Venus in 28 September 13 through 18, exact 28.2 on the 15th, Moon also in 28 on the 14th; natal 11–56 Curiosity lit from the Moon in 11 on September 18 only. Natal 2–14 the Beat is not rewritten. Curiosity does not join Struggle on any day of this window. The sky does not grant a new Cross. The move every day is wait for the sacral, one deed after a yes, change rooms if the parts disagree, then stop. Limited contact is how the Triple Split stays honest.
