Transit Influences. Uranus 20.6 Contemplation against hanging 10 holds Channel 10–20 Awakening — a design of commitment to higher principles. In plain terms: behavior wants a now-deed. Neptune 25.6 Ignorance against hanging 51 holds Channel 25–51 Initiation — a design of needing to be first. In plain terms: a shock-energy wants to go first. It is not a new authority. North Node 30.6 with Pluto 41.2 against hanging 41 holds Channel 30–41 Recognition of Feelings. In plain terms: a borrowed feeling-story rides the wave she already has. There is no split to weld.

Effects. Three overlays on one Single circuit. Awakening wants motion. Initiation wants a first move. Recognition wants the mood followed to the end. The effect is a public-feeling day in a hermit's house. The wave still decides. Then she informs. Then she moves. Quiet is not Planning failing.

Expanded examples. Morning belongs to the wave — a walk, a pause, no announcement. Afternoon belongs to one person already in the field, after feeling has a beginning, a middle, and an end, and after she has informed. A 2/4 does not open the door so three overlays look employed. The 4th line works the bonds that are already alive.

Difficulties. Awakening skips informing and acts. Initiation picks a shock to prove she can go first. Recognition treats the story as permission. Open Head and open G fill the quiet with certainty or direction.

Resolution. The move is wait the wave, inform one known person, then one act — or none. Contemplate before the sentence. A shock does not have to be picked. A feeling-story is not a yes. Keep the hermit door honest.

Bridging Effect. The move is feel, wait, inform, stop. One circuit. Nothing to weld. Limited contact protects open Head and open G and sits with 2nd-line retreat. That is enough.

Transit Influences. Uranus 20.6 still holds 10–20 Awakening. Neptune 25.6 still holds 25–51 Initiation. North Node 30.6 with Pluto 41.2 still holds 30–41. Moon 6.5 Arbitration against hanging 59 holds Channel 59–6 Mating for this day only — a design focused on intimacy. In plain terms: one existing bond can feel suddenly close. That pairing is lunar and brief. It is not a new plan.

Effects. Same three overlays plus a few hours of intimacy weather. Arbitration on 6 wants a conflict settled before the feeling has finished. The second-day grab is to finish Thursday's sentence. The wave has not agreed. Mating leaves when the Moon leaves.

Expanded examples. Unfinished business is Friday's trick. Do not open the door because closeness arrived with the Moon. If one person is already in the field, feel first, inform, then one true sharing — or none. When the Moon moves, let the extra closeness go. The hermit door can stay closed.

Difficulties. Mating tries to arbitrate a closeness the wave has not cleared. Initiation uses the closeness as a first move. Awakening acts the closeness now. Recognition writes it as fate. Then the Moon leaves and the grab looks like a failed plan.

Resolution. The move is wait the wave. Inform only if someone is actually affected. Use 6.5 only after clarity, and only with someone already in the field. Do not start a new bond to employ a lunar channel.

Bridging Effect. The move is treat Mating as weather that ends tonight. Awakening, Initiation, and Recognition remain. Nothing to weld. Feel. Wait. Inform. Stop.

Transit Influences. Uranus 20.6 still holds 10–20. Neptune 25.6 still holds 25–51. North Node 30.6 with Pluto 41.2 still holds 30–41. Moon 48.2 lights natal Channel 16–48 the Wavelength — a design of talent — from the depth side against Design Earth 16.4. In plain terms: her own skill channel is Moon-bright for this day. Talent wants to be used. That is not permission. Yesterday's Mating is off.

Effects. Four weathers, still one circuit. Wavelength makes a Saturday talent feel ready. Awakening wants it spoken now. Initiation wants it first. Recognition wants it to mean something. Talent waits the wave like everything else. Planning does not require a demonstration.

Expanded examples. A 2/4 can treat lit talent as a reason to leave the cave. It is not. Use the skill in private if the sacral-less Manifestor body is settled and the wave is clear — or do not use it. Inform one known person if an act will touch them. Then stop. The opportunist network she actually has is already enough.

Difficulties. Lit Wavelength performs. Awakening skips the inform. Initiation goes first into an empty room. Recognition makes the talent feel fated. Open G invents an audience.

Resolution. The move is wait the wave, then one inform, then one use of the skill — or none. Talent is already hers. It does not need Saturday witnesses. Keep the hermit door.

Bridging Effect. The move is skill after feeling, not instead of it. One circuit. Wavelength Moon-lit today. Three standing overlays remain. Nothing to weld. Feel. Inform. Stop.

Sunday, September 13, 2026

Transit Influences. Uranus 20.6 still holds 10–20. Neptune 25.6 still holds 25–51. North Node 30.6 with Pluto 41.2 still holds 30–41. Moon 32.4 lights natal Channel 32–54 Transformation — a design of being driven — from

the continuity side. In plain terms: her own ambition channel is Moon-bright for this day. Drive wants a next step. That step is not a yes.

Effects. Transformation wants progress. Awakening wants it now. Initiation wants to be first up the ladder. Recognition supplies a feeling-story about the drive. Ambition on a Sunday is weather on a channel she already owns. The wave still goes first. Then the inform.

Expanded examples. Sunday can look like a day to advance the plan. A 2/4 hermit can watch the drive from the cave and take no step. If a real act is already in motion and the wave has settled, inform the one person it touches, then take that one step. Do not invent a climb so 32–54 looks employed.

Difficulties. Lit Transformation turns restlessness into a project. Initiation picks a shock to start it. Awakening skips informing. Recognition makes the climb feel necessary. Open Root — she has defined Root through 32–54 and 39–55 — can still over-push when the Moon sits on 32.

Resolution. The move is wait the wave. Drive is not permission. Inform one person if a real step will touch them. Then one step, or none. Keep the cave. Tomorrow the Moon leaves 32.

Bridging Effect. The move is no Sunday campaign. Transformation Moon-lit. Three standing overlays remain. Nothing to weld. Feel. Inform. Stop.

Monday, September 14, 2026

Transit Influences. Uranus 20.6 still holds 10–20. Neptune 25.6 still holds 25–51. North Node 30.6 with Pluto 41.2 still holds 30–41. In plain terms: the Moon has left her defined channels. The map is the three standing overlays again. Last day Earth is in 22; that hanging is not completed and is not named. Tomorrow Sun and Earth move.

Effects. The drop from Sunday's drive can feel like a stall. It is not. Awakening, Initiation, and Recognition are still on. Community, spirit, transformation, and talent are still hers at ordinary volume. The effect is leftover ambition with no Moon under it. The wave still decides.

Expanded examples. Monday does not owe Sunday a sequel. Morning: the wave. Afternoon: one inform if someone is affected by a real act, then the door. A 2/4 can stay in the cave and let Planning be quiet. Limited contact is the correct size.

Difficulties. Yesterday's drive looks for work. Initiation starts a shock to get the feeling moving. Awakening acts to keep the week from thinning. Open Head writes a plan the body has not cleared.

Resolution. The move is back to the simple three. Wait the wave. Inform one known person if needed. Do not chase Sunday's Moon. Keep the hermit door.

Bridging Effect. The move is ordinary Planning plus three overlays. Nothing to weld. Feel. Inform. Stop.

Tuesday, September 15, 2026

Transit Influences. Sun 6.1 against hanging 59 completes Channel 59–6 Mating — a design focused on intimacy — and holds it from the Sun now, not from a passing Moon. Uranus 20.6 still holds 10–20. Neptune 25.6 still holds 25–51. North Node 30.6 with Pluto 41.2 still holds 30–41. In plain terms: closeness weather is back and will stay through the end of this window. It is still not a new plan.

Effects. Four overlays again. Mating wants contact. Awakening wants that contact now. Initiation wants to go first into it. Recognition writes a feeling-story about it. Intimacy on a Manifestor still waits the wave and still informs. The hermit door does not have to open because the Sun entered 6.

Expanded examples. Tuesday can feel like Friday's closeness returned for a longer stay. It did. That does not change the move. Feel first. If one existing bond would be touched by a real act, inform that person, then act or don't. Do not start a new closeness to employ 59–6. The 4th line works what is already alive.

Difficulties. Sun-lit Mating treats intimacy as the week's purpose. Initiation goes first. Awakening skips the sentence. Recognition makes the bond feel fated. Open G hunts for someone to close the channel with.

Resolution. The move is wait the wave, then one inform to someone already in the field — or no inform and a closed door. Mating is weather. It is not a project. Keep the cave until the feeling is done.

Bridging Effect. The move is closeness after clarity, not instead of it. 59–6 now holds with the Sun. Three standing overlays remain. Nothing to weld. Feel. Inform. Stop.

Wednesday, September 16, 2026

Transit Influences. Mercury 48.1 lights natal 16–48 the Wavelength from the depth side. Sun 6.2 still holds 59–6 Mating. Uranus 20.6 still holds 10–20. Neptune 25.6 still holds 25–51. North Node 30.6 with Pluto 41.2 still holds 30–41. In plain terms: talent is sky-bright again, and closeness is still on. Five overlays. Still one circuit.

Effects. Talent plus intimacy plus awakening plus initiation plus a feeling-story. The effect is a day that wants to be useful and close at once. That is two jobs. A Manifestor does one thing after the wave. Planning does not require a demonstration of skill in order to be close, or closeness in order to use a skill.

Expanded examples. Pick one. Morning: the wave, then either a private use of the skill or a quiet hour in the cave. Afternoon: one inform if a real act touches someone already in the field. Do not pair talent and Mating into a performance. The hermit can do the skill alone.

Difficulties. Wavelength performs for Mating. Mating uses talent as bait. Initiation goes first into both. Awakening skips informing. Recognition writes the double job as fate. Open G and open Head fill.

Resolution. The move is one job after the wave. Inform one person if needed. Use the skill in private or not at all. Do not collect anyone to make talent and closeness agree.

Bridging Effect. The move is one overlay at a time in practice, even if five are on. Nothing to weld. Feel. Inform. Stop.

Thursday, September 17, 2026

Transit Influences. Mercury 48.3 still lights natal 16–48. Sun 6.3 still holds 59–6. Uranus 20.6 still holds 10–20. Neptune 25.6 still holds 25–51. North Node 30.6 with Pluto 41.2 still holds 30–41. In plain terms: same five overlays. Second day of talent-plus-closeness. The grab is to finish yesterday's double job.

Effects. Familiar pressure. Talent still wants use. Mating still wants contact. The wave has not agreed to a sequel. Initiation and Awakening still rush. Recognition still narrates. One circuit. No split.

Expanded examples. Thursday does not need a new crossing to prove Planning. Smaller than Wednesday. One inform after the wave if someone is affected. One use of the skill in the cave, or none. The 2nd line can stay hidden. The 4th line does not need a new friend.

Difficulties. Yesterday's pairing of skill and closeness looks like unfinished business. Initiation starts a shock to resolve it. Quiet looks like the network failed.

Resolution. The move is smaller, not larger. Wait the wave. One inform or none. Talent at home. Mating only with someone already in the field. Keep the door.

Bridging Effect. The move is the same five, less motion. Nothing to weld. Feel. Inform. Stop.

Friday, September 18, 2026

Transit Influences. Mercury 48.4 still lights natal 16–48. Sun 6.4 still holds 59–6. Uranus 20.6 still holds 10–20. Neptune 25.6 still holds 25–51. North Node 30.6 with Pluto 41.2 still holds 30–41. In plain terms: end of the window. Same five. No new completion. The grab is to close the week in public.

Effects. Five overlays want a finale — a skilled sharing, a closer bond, a first move, a now-deed, a finished feeling-story. None of that is required. The wave closes the week. Then one inform if an act needs a witness. Community and Emoting stay hers and were never rewritten.

Expanded examples. Close the window from the cave. Morning: the wave. Afternoon: one sentence to the one person who needs to know what you will actually do next — or no sentence. Talent can stay private. Mating can stay with what is already alive. A 2/4 does not need a network review to end nine days.

Difficulties. The General in the sky is not hers; the rush to conclude is. Initiation picks a shock as an ending. Awakening skips informing. Wavelength performs the week. Mating treats Friday as a vow. Open G wants a court.

Resolution. The move is wait the wave, then one inform or none. Do not stage the ending. Keep the hermit door. Planning is already hers.

Bridging Effect. The move is feel, inform, stop. One circuit. Five overlays. Nothing to weld. Limited contact protects open Head and open G. The cave is the correct size of Friday.

These nine days touch Teresa here: hanging 10 completed as 10–20 Awakening the whole window; hanging 51 completed as 25–51 Initiation the whole window; hanging 41 completed as 30–41 Recognition of Feelings the whole window; hanging 59 completed as 59–6 Mating on September 11 by the Moon and again from September

15 through 18 by the Sun; natal 16–48 the Wavelength Moon-lit on September 12 and Mercury-lit from September 16 through 18; natal 32–54 Transformation Moon-lit on September 13 only. Natal 37–40 Community and 39–55 Emoting are not rewritten. There is no electromagnetic channel to feed. There is no split to weld. The sky does not grant a new Cross. The move every day is wait the wave, inform one known person if an act will touch them, then stop. Limited contact is how Planning stays honest.
