Transit Report • August 28 – September 5, 2026

Manifesting Generator • Profile 6/2 • Emotional • Single Definition

Left Angle Cross of Migration (37/40 | 5/35)

How This Week Meets His Design

Dennis is a Single Definition Emotional Manifesting Generator. His defined channels already form one consistent circuitry: 37–40 Community, 35–36 Transitoriness, 12–22 Openness, 33–13 the Prodigal, and 5–15 Rhythm. He does not need another person to bridge a split. What the transit can do is complete hanging gates — 39, 50, 53, 31, 10, 62 — into temporary channels, and walk the Sun and Earth directly across his Personality Cross.

Open centers this week are Head, Ajna, Spleen, and Root. Those are the places a transit will feel like pressure, opinion, fear, or adrenaline. Strategy remains the same every day: sacral response, wait for the emotional wave to settle, then inform before he moves. Profile 6/2 is the Role Model on the roof; aloneness is already written into Gate 40, Gate 12, and Gate 33. Limited contact during this window is not a problem to solve. It is compatible with the hermit side of the 2 and with the ego's need to recuperate inside 40.

When people are present, treat them as possible electromagnetic partners only for the hanging gates listed each day. The meeting is correct when he responds, not when he initiates to complete a channel.

Standing Sky — the Whole Window

North Node 30.6 / South Node 29.6 hold Channel 29–30 Recognition in the sky for the entire period (abstract fate and the sacral yes). Saturn 21.5 holds Control. Uranus 20.6 holds the Throat of the now and keeps 10–20 available to his Design South Node 10.2. Neptune 25.6 holds Innocence. Pluto 41.2 holds Contraction. These are background climate. The daily work is the Moon, the Sun/Earth walk across 40/37, and the completions of hanging gates.

Friday, August 28, 2026

The week opens with Earth in 55.6 (Selfishness / spirit through what is held) meeting Dennis's Personality Mars 39.6, while Venus in 57.6 and Uranus in 20.6 both stand across from his Design South Node 10.2. Sun is in 59.6 at the edge of the tribal intimacy stream. Mercury has just entered 40.1, the first step onto his Personality Earth and the will side of his Cross of Migration.

- **Key Transit Activation:** Earth 55.6 completes hanging Personality Mars 39.6 as Channel 39–55, the Channel of Emoting (a design of moodiness). Venus 57.6 and Uranus 20.6 both complete hanging Design South Node 10.2 as 10–57 Perfected Form and 10–20 Awakening. Mercury 40.1 begins a six-day walk across his defined Gate of Aloneness. Jupiter 33.6 sits on his defined Gate of Retreat (Personality Pluto 33.3 and Design Pluto 33.5).
- **Effect:** 39.6 is The Troubleshooter: the natural gift of finding the point of obstruction and releasing it. With 55.6 it becomes an individual emotional frequency — the cup half-full or half-empty measured by whether spirit is being shared. 10.2 is the Hermit behavior of the Vessel of Love; completed by 20 (the now) and 57

(intuitive clarity) it can put his body into an awake, perfected-form posture without anyone else in the room. Mercury on 40.1 (Recuperation) begins the ego's rest-and-will cycle that will peak on September 3 when Sun/Earth occupy his exact Personality 40.6 / 37.6.

- **Difficulty:** Open Root plus hanging 39 under 55.6 can press him to provoke a mood in order to feel spirit. 55.6's detriment is the "mean spirit that will not share." Because he is a 6/2 on the roof, the pressure can look like irritation at the tribe rather than a clean individual pulse. Open Spleen with 10–57/20 can also produce a false "I must act now" from intuition that is only a transit.
- **Resolution:** Wait through one full emotional wave before answering any provocation, including his own. Sacral response first, then inform. Recuperation in 40.1 is permission to be alone and enjoy the fruits of prior labor — that is correct will, not withdrawal as not-self. If a mood arrives, name it as spirit testing the cup, not as a problem to fix for others.
- **Bridging Effect:** Single definition does not require another person to connect his design. The 39–55 completion temporarily motors his open Root into the Solar Plexus he already has defined, so the wave can feel louder and more individual (Knowing circuit) than his usual tribal 37–40 and collective 35–36 / 12–22 mix. 10–20 / 10–57 momentarily stitches G-to-Throat-to-Spleen: presence and behavioral awareness without strategy being asked. With limited contact, live these as inner frequency. If someone carrying 55 or 20/57 appears, the electromagnetic is the mood and the awake behavior — respond; do not initiate the provocation.

Saturday, August 29, 2026

Sun moves into 40.1 and Earth into 37.1 — the precise polarity of Dennis's Personality Earth 40.6 and Personality Sun 37.6, the Left Angle Cross of Migration and his defined Channel of Community. Moon is exact on his Personality Mercury 36.4. Venus is exact on his Design Jupiter 32.1.

- **Key Transit Activation:** Sun 40.1 / Earth 37.1 occupy his natal Community channel and Cross gates (line 1 theme: Recuperation in 40, The Mother/Father in 37). Moon 36.4 is exact his Personality Mercury in the Channel of Transitoriness 35–36. Venus 32.1 is exact his Design Jupiter (Duration / continuity). Mars 39.3 continues to press hanging 39. Mercury 40.3 stays inside his 40.
- **Effect:** 37.1 is The Mother/Father: harmony as the key to maintaining the family; friendship rooted in sensitivity. 40.1 Recuperation: ego strength to enjoy being alone. Together they replay his Cross at the foundational line — community that is fed by will, and will that is fed by loyalty. Moon on 36.4 (The Darkening of the Light, crisis as teacher) inside his already-defined 35–36 puts feeling-memory in the mouth. 32.1 is Conservatism: the instinct to hold what has proven itself.
- **Difficulty:** Line-1 depth on his Cross can pull the 6th-line Role Model back into "I must hold the family together" before the sacral has responded. 36.4 plus open Root/Spleen can dress a passing emotional crisis as an emergency that needs manifesting. The 40 ego can refuse to rest because the 37 mouth wants to bargain.
- **Resolution:** Let the bargain wait until the wave is clear. Community for a 6/2 Manifesting Generator is correct when he has responded and informed, not when he parents the room. Use 40.1 literally: rest the will. 32.1 supports keeping only what already works — no new tribal contracts today unless the sacral is a full-body yes after the feeling has moved.
- **Bridging Effect:** No split to bridge. What completes is recognition: the sky is walking his own 37–40 in the first line, so the electromagnetic field of Community is on whether or not people are present. Limited contact actually matches 40.1 Recuperation and the 6/2 hermit. If family or group appears, the 37.1 mother/father

frequency will try to set guidelines — lead only after response, and let loyalty come to him rather than being extracted.

Sunday, August 30, 2026

Sun 40.2 / Earth 37.2 continue across his Community channel. Moon 17.6 meets his Design Saturn 62.4 and completes Channel 17–62, Acceptance. Jupiter 7.1 meets hanging Design Mars 31.2 and completes Channel 31–7, the Alpha.

- **Key Transit Activation:** Moon 17.6 (The Bodhisattva — organizing opinion for the benefit of others) completes hanging Design Saturn 62.4 as Channel 17–62, a design of an organizational being. Jupiter 7.1 (Authoritarian — the iron hand, enlightened or despotic) completes hanging Design Mars 31.2 as Channel 7–31, the Alpha, a design of leadership. Sun 40.2 Resoluteness / Earth 37.2 Responsibility remain on his Cross.
- **Effect:** Open Ajna receives a sudden logical voice: 17–62 wants to name, detail, and organize. 31.2 is Arrogance in the I'Ching keynote — independent action without guidance, leadership that cannot wait for consensus. Coupled with Jupiter in 7.1 Authoritarian, the Role of the Self wants to set the pattern for others. Meanwhile 40.2 Resoluteness gives the ego power through aloneness to see who would disrupt the group.
- **Difficulty:** Open Head/Ajna plus 17–62 can flood him with opinions that feel like facts. 31.2's detriment is jumping the gun; 7.1's detriment is "only I know best." A Manifesting Generator who informs after the fact instead of before will meet resistance here. The 6th-line roof can turn the authoritarian role into a cold withdrawal that still wants control.
- **Resolution:** Opinions are a transit through an open Ajna — speak them only if the sacral responds and the wave is clear, then inform. 7.1 exalted is guidance with authority the way basic values are given to a child, not domination. Let 40.2 do its job: stay alone long enough to see who actually belongs in the field before any "I lead" leaves the throat.
- **Bridging Effect:** 17–62 temporarily defines Ajna–Throat on top of his already-defined Throat, so mental organization can ride out through 12–22, 35–36, and 33–13. 7–31 defines G-role to Throat leadership on top of his defined G (5–15 and 33–13). These are not permanent bridges of a split; they are borrowed logic and borrowed alpha. With few people around, practice the leadership inwardly as pattern-seeing. If a person carrying 17 or 7 arrives, the electromagnetic is opinion and role — wait to be chosen (7 is a projected role) even though he can manifest.

Monday, August 31, 2026

Sun 40.3 / Earth 37.3. Moon 42.2 meets hanging Personality Saturn 53.4 and completes Channel 53–42, Maturation. Jupiter remains in 7.1 on his 31.2 Alpha. Mercury has moved into 64.1, beginning an abstract mental weather over his open Head.

- **Key Transit Activation:** Moon 42.2 completes hanging 53.4 as Channel 53–42, the Channel of Maturation (a design of balanced development, cyclic format). Sun 40.3 Organization / Earth 37.3 Evenhandedness continue to condition his Community channel. Mercury 64.1 (Confusion) sits in the Head without natal 47. Mars 39.5 still activates hanging 39. Jupiter 7.1 still completes 31–7.
- **Effect:** 53.4 is the line of the format that knows when a cycle has ripened enough to be trusted. 42.2 Growth through identification with the process rather than the goal. Together they give his open Root a sacral format: start only what can be finished. 40.3 Organization is the ego selecting support in order to stay separate; 37.3 Evenhandedness is sensitivity to what behavior is appropriate in the bargain.

- **Difficulty:** Open Root loves 53–42 and will try to begin a long abstract cycle because the Moon is there. Mercury 64.1 in an open Head pours unresolved images. Combined with leftover Alpha (7–31) he can announce a new cycle as if it were leadership. 40.3 detriment organizes for quantity of support and destabilizes deliverance.
- **Resolution:** Maturation is cyclic: if the sacral does not respond, the cycle is not his. Do not start a development today that the wave has not already been living. Use 37.3 to measure behavior — his and others' — rather than to police it. Keep 40.3's organization small and qualitative. Let 64.1 pass as weather over an open Head; it does not need a conclusion.
- **Bridging Effect:** 53–42 is the format bridge from open Root into Sacral he already defines (5–15). That is the most important completion of the day: pressure becomes a timed cycle instead of a push. 7–31 remains the leadership overlay. Limited contact is useful — maturation does not require an audience. If someone carrying 42 appears, the electromagnetic is “finish what was begun”; respond only to cycles already in motion.

Tuesday, September 1, 2026

Sun 40.4 / Earth 37.4. Moon 27.5 meets hanging Personality Jupiter 50.1 and completes Channel 27–50, Preservation. Jupiter 7.1 still on 31.2. Mercury 64.3 continues the abstract Head weather. Venus 32.4 holds Duration.

- **Key Transit Activation:** Moon 27.5 (The Executor — distributing the resources of others) completes hanging 50.1 (The Immigrant — values established from the bottom) as Channel 27–50, Preservation, a design of custodianship. Sun 40.4 Humility / Earth 37.4 Leadership by example condition his 37–40. Alpha 7.1–31.2 remains. Nodes still 30.6 / 29.6 (Recognition / clinging fire in the sky).
- **Effect:** 50.1 is values learned by starting without rank. 27.5 is the gifted agent who can handle other people's resources — or the good sense to find one. For a tribal 37–40 being, this is custodianship of the community's law and food. 40.4 Humility is calculated deliverance that does not flaunt will. 37.4 is leadership by example: highest principles in ordinary affairs.
- **Difficulty:** Open Spleen plus 27–50 can create anxiety about who is being nourished and whether the law is being kept. 27.5 detriment restricts distribution; 50.1 can over-humble and accept poor values just to belong. Combined with 7–31, he may appoint himself executor of other people's process. The emotional wave on 37.4 can turn “example” into quiet superiority.
- **Resolution:** Custodianship is correct when the sacral responds to a specific request to care, not when the mind inventories who needs him. 40.4 supports staying out of the spotlight. Feed himself first (27's first law). Values in 50.1 are built slowly; do not rewrite the tribe's law in one afternoon. Inform before any act of distribution.
- **Bridging Effect:** 27–50 defines Sacral–Spleen, giving his open Spleen a tribal immune frequency for a day. That is a true temporary bridge from defined Sacral into an open awareness center. 7–31 and 37–40 already supply role and bargain. With limited people, practice preservation as care of his own form and of whatever small field he already has. If someone carrying 27 arrives, the electromagnetic is nourishment and law — respond to the need; do not hunt for someone to save.

Wednesday, September 2, 2026

Sun 40.5 / Earth 37.5. Mars is exact on his Personality Mars 39.6. Jupiter 7.1 still completes 31–7. Mercury 64.5. Venus 32.5. Uranus 20.6 still completes 10.2 as Awakening.

- **Key Transit Activation:** Mars 39.6 exact natal Personality Mars 39.6 (The Troubleshooter) — a personal return of his hanging provocation gate, still without 55 today (Earth has left 55). Sun 40.5 Rigidity / Earth 37.5 Love condition Community. Jupiter 7.1–31.2 Alpha continues. Uranus 20.6–10.2 Awakening continues.
- **Effect:** Exact Mars on 39.6 turns the volume up on obstruction-as-gift. Without 55, the channel of Emoting is not complete; the provocation sits as Root pressure looking for spirit. 37.5 Love is natural, unaffected devotion to the family — and its detriment, dependency that turns love to hate. 40.5 Rigidity is the ego that maintains power by rejecting what is negative. 20–10 keeps the behavior of the Self available in the now.
- **Difficulty:** Hanging 39 exact by Mars in an open Root, with no 55, is classic “poke the world to feel.” 37.5 can swing the tribal wave from devotion to resentment if loyalty is not mirrored. 40.5 can cut people off too cleanly. Alpha still in the field can dress the poke as leadership.
- **Resolution:** The troubleshooter works only when asked, and only after response and wave. Use 40.5’s clean rejection for what is actually negative, not for what fails to soothe the Root. 37.5 exalted is devotion without performance. Move the body in 5–15 rhythm rather than manufacturing a crisis to release 39.
- **Bridging Effect:** No new hanging gate completes today. What is live is intensification of 39 and of his own 37–40 at lines 5 (universalization). The 6/2 feels the heretical/practical edge of love and will. Limited contact prevents the poke from becoming someone else’s mood. If a 55 being appears, 39–55 can flash electromagnetic again — meet it as spirit, not as a fight.

Thursday, September 3, 2026

Peak of the week for his Cross. Sun 40.6 and Earth 37.6 are exact his Personality Earth 40.6 and Personality Sun 37.6. Moon 20.5 joins Uranus 20.6 on hanging 10.2 (Awakening). Mercury enters 47.1. Mars moves to 53.1, beginning to activate hanging 53. Jupiter 7.2 continues the Alpha with 31.2.

- **Key Transit Activation:** Sun exact 40.6 Decapitation / Earth exact 37.6 Purpose — the Line 6 of his Personality Cross of Migration and of Channel 37–40 Community. Moon 20.5 plus Uranus 20.6 complete 10.2 as 10–20 Awakening. Mars 53.1 begins hanging 53 (Development). Jupiter 7.2 The Democrat with natal 31.2. Mercury 47.1 Realization on an open Ajna.
- **Effect:** 40.6 Decapitation: the necessary removal of inferior forces from power before liberation; exalted, the ego ejects only what legitimately harms the group. 37.6 Purpose: the energy to maintain the family by recognizing its values; exalted, extending friendship through appreciation of those values. This is the 6th-line Role Model living his own Cross in the sky. 20.5 is the line of realization in the now; with 10.2 it is awake behavior as commitment to higher principles. 7.2 Democrat: lead by serving the will of the majority, potential for wide effect when chosen.
- **Difficulty:** 40.6 detriment is the terror of extended punishment — ego distortion through power. 37.6 detriment ignores the family’s achievements in favor of withdrawal and casualness. On a 6/2 roof day this can look like “I am done with all of you” or “I will cut whoever fails the value test.” Mercury 47.1 on open Ajna oppresses with one-piece realizations that are not finished. Mars 53.1 wants to start a format that 42 is not holding today.
- **Resolution:** This is a Role Model day, not a reformer’s day. Let the Cross be seen by living the bargain cleanly: will in aloneness, friendship that appreciates value. Eject only what the sacral and the wave agree is finished. 7.2 waits to be chosen. Do not start a 53 cycle. Give 47.1 no authority — abstract pressure is not leadership.
- **Bridging Effect:** The sky is his Personality Sun/Earth. Community and Migration are fully lit. 10–20 adds G–Throat awakening on top of defined G and Throat. 7–31 remains. Nothing about this requires a crowd; a Left Angle Cross still works through the other, but the 6th line on the roof does that by being the example, not by

campaigning. If people are few, the bridging is interior: he becomes the frequency of 37.6 / 40.6 and others, when they do appear, meet Migration already in form.

Friday, September 4, 2026

Sun leaves his Cross and enters 64.1; Earth enters 63.1. The Head is occupied by the abstract/logic polarity. Moon 45.2 is in the tribal throat of gathering. Mercury 47.3 continues Realization. Venus 32.6. Mars 53.1. Jupiter 7.2 still on 31.2.

- **Key Transit Activation:** Sun 64.1 / Earth 63.1 occupy the Head gates of Abstraction and Doubt — both open in his design. Mercury 47.3 is the harmonic of 64, so the sky itself carries Channel 64–47, a design of mental activity and clarity. Moon 45.2 (the Gatherer) does not complete a hanging gate of his (26–44 is Surrender; 21–45 is Money — he hangs 26.1, not 21). Jupiter 7.2–31.2 Alpha continues. Uranus 20.6–10.2 continues.
- **Effect:** After six days on 40/37, the will-and-bargain pressure lifts and the mind fills. 64–47 in the sky is the abstract processor: confusion seeking a piece of the past that makes sense. 63.1 is the beginning of doubt as a logical question. 45.2 is the king/queen's throat talking resources. Alpha remains as a leadership overlay on his hanging 31.
- **Difficulty:** Open Head and open Ajna under 64–47 and 63 is classic mental conditioning: he can mistake the transit's movie for his own knowing. Coming off exact 40.6, the ego may try to "solve" the new mental pressure with will. 45.2 can announce ownership that the 21 is not holding. 53.1 still wants a beginning.
- **Resolution:** Watch the movie; do not become it. Single definition already has a consistent way of moving — sacral response, emotional wave, then inform. Head pressure does not change that sequence. Let doubt be doubt and confusion be confusion. No manifesto from 45. No new 53 cycle. Rest the will that just completed its Cross transit.
- **Bridging Effect:** 64–47 is entirely in the sky; it does not complete a natal hanging pair for him. It conditions open Head–Ajna as a borrowed abstract channel. 7–31 and 10–20 are the only natal completions still running. Limited contact protects the open mind from absorbing other people's questions as his duty. If someone carrying 47 or 63 sits with him, the electromagnetic is mental — listen as the 13–33 witness he already is, and do not fix their confusion.

Saturday, September 5, 2026

Sun 64.2 / Earth 63.2. Moon 15.5 moves onto his defined Channel of Rhythm (Design Sun 5.2 – Design North Node 15.2). Venus is exact Personality Jupiter 50.1. Mars 53.2 continues hanging 53. Jupiter 7.2–31.2 and Uranus 20.6–10.2 remain.

- **Key Transit Activation:** Venus exact 50.1 on hanging Personality Jupiter 50.1 (The Immigrant / values). Moon 15.5 on defined 15 in Channel 5–15 Rhythm, the Love of Humanity and the magnetic aura. Sun 64.2 / Earth 63.2 continue Head conditioning. Mercury 47.5. Mars 53.2. Completions still live: 7–31 Alpha, 10–20 Awakening.
- **Effect:** 50.1 returns as a values checkpoint one day after the Cross peak: what law did the community actually stand on. Moon 15.5 Extreme in the Vessel — the aura that can swing wide in its rhythm — inside his already-defined 5–15, so the body wants a larger or more unusual tempo. 5–15 is how he metabolizes time; the Moon here makes the pattern public in the aura whether he speaks or not.

- **Difficulty:** 50.1 without 27 today (Moon has left 27) is hanging values with no sacral nourishment attached — he can judge the tribe's law without the power to feed it. 15.5 can over-extend the rhythm, saying yes to too many tempos. Open Spleen still feels 50 as a fear that the law is wrong. Head remains noisy with 64/63/47.
- **Resolution:** Hold values as 50.1 does: start from humility, not from the bench. Let 5–15 set one rhythm and keep it; the 6/2 does not need to match every tempo that passes through the aura. Sacral response decides whether any value-conversation is his. Inform if he acts. Give the Head no work.
- **Bridging Effect:** 50 is activated but 27–50 is not complete today, so values are a frequency, not a full custodial channel. 5–15 is his own, amplified by the Moon — this is not a bridge, it is his design being lit. 7–31 and 10–20 still offer temporary leadership and awakening. With limited people, the magnetic 15.5 aura does the Left Angle work at a distance. When someone does enter the field, they meet rhythm, values, and the remainder of the Alpha — he responds and informs; he does not herd.

Closing Orientation

The spine of these nine days is the Sun and Earth moving through his Personality 40 and 37, exact on Thursday, September 3. That is the Cross of Migration lived as Line 6 Purpose and Decapitation: know the value of the community, and release what no longer belongs, without turning the ego into a purge. Around that spine the Moon completes Emoting (28th), Acceptance (30th), Maturation (31st), Preservation (1st), and then lights his own 15. The Alpha (7–31) and Awakening (10–20) run as borrowed overlays for most of the week.

He does not have to gather people to make this work. The 6/2 Role Model on a Left Angle Cross already serves the other by being the frequency. Respond. Wait for the wave. Inform. Rest the will when 40 asks. Let hanging gates complete only when the sacral says yes. Trust what is already defined — Community, Rhythm, Openness, Witness, and Change — to carry him through.
