Transit Report • August 28 – September 5, 2026

Projector • Profile 4/6 • Splenic • Single Definition

Right Angle Cross of the Unexpected (27/28 | 41/31)

How This Week Meets Her Design

Melina is a Single Definition Splenic Projector, 4/6, on the Right Angle Cross of the Unexpected. One channel is defined, both conscious and unconscious: 26–44 Surrender, Ego to Spleen, a design of a transmitter. That is her consistency — instinctive memory and will meeting in the now. Everything else is open: Head, Ajna, Throat, G, Sacral, Solar Plexus, Root. Open centers take in the world. They are not a problem to fill.

There is no split to bridge and no natal electromagnetic channel. What a transit can do is complete hanging gates on her Cross — 27, 28, 41, 31 — and add temporary channels beside Surrender. Strategy does not change: wait for recognition and invitation. Authority is the spleen in the now, not the borrowed emotional wave, not the mind. Profile 4/6 is the Opportunist on the roof. The network she already has is the correct field. New people are not the assignment.

Limited contact is often correct for a Projector. Fewer auras mean less conditioning of seven open centers and fewer false invitations. The sky will still complete several of her hanging gates. She does not need to go out and make the Unexpected happen.

Standing Sky — the Whole Window

North Node 30.6 / South Node 29.6 hold Recognition and the sacral Yes in the sky and complete hanging Design Sun 41.6 as 30–41 for the entire period. Saturn 21.5 sits on her four natal 21s and becomes 21–45 when the Moon reaches 45 on September 4. Uranus 20.6 holds the Now in an open Throat. Neptune 25.6 is exact Personality Venus 25.6 all week (Innocence without 51). Pluto 41.2 is on her Design Sun. The daily plot is Jupiter leaving 33 into 7 (Prodigal, then Alpha on her Design Earth), the Moon on 36, 17, 42, 27, 23, 20, 45, and 15, Mars arriving at 53 to complete her 42, and Venus arriving at 50 to complete her 27.

Friday, August 28, 2026

The window opens on her Cross. Pluto 41.2 sits on Design Sun 41.6. North Node 30.6 completes that gate. Jupiter 33.6 faces Design Mercury 13.4. Saturn 21.5 sits on the stack of natal 21s (Personality North Node 21.3, Jupiter 21.4, Design Mars 21.4, Design North Node 21.5). Neptune 25.6 is exact Personality Venus 25.6. Venus 57.6 occupies her defined Spleen.

- **Key Transit Activation:** NN 30.6 with Pluto 41.2 on Design Sun 41.6 complete hanging 41 as Channel 30–41 Recognition, a design of focused energy (feelings that want a destiny). Jupiter 33.6 completes hanging 13.4 as Channel 33–13 the Prodigal, a design of a witness. Saturn 21.5 occupies hanging 21 (Control) without 45 today. Neptune 25.6 exact 25.6 occupies hanging Innocence without 51. Sun 59.6 / Earth 55.6 / Mars 39.2 condition open Solar Plexus and open Root.

- **Effect:** 41.6 is the line of the contracted dream that has already ripened — Cross of the Unexpected at its 6th line. 30.6 is fate that will not drop the feeling. Together they put her Design Sun into the abstract wave she does not have defined. 13.4 is the listener who holds secrets; 33.6 is Retreat that can finally tell the story. 21 is the hunter/coordinator — four natal activations of control now lit by Saturn. 25.6 is innocence at the end of the line, the spiritual warrior who has already been tested.
- **Difficulty:** Open Solar Plexus plus 30–41 and 55/59/39 in the sky is a borrowed emotional motor. A Splenic Projector can mistake the wave for splenic knowing. Open Throat plus 33–13 wants to witness out loud without an invitation. Open Root plus 41 is pressure to start a dream. 4/6 on the roof can withdraw and still feel responsible for everyone's fate.
- **Resolution:** Spleen first — the quiet yes in the now — then wait to be invited to speak the 33–13 story. The feeling in 30 is not authority. 21 without 45 does not need to hunt. 25.6 can stay innocent without leaping into a void. Rest is correct Projector strategy, not absence.
- **Bridging Effect:** Single definition: 26–44 Surrender is already one piece. Nothing here has to weld a split. 30–41 adds Root–Solar Plexus onto open centers; it does not attach to 26–44. 33–13 adds G–Throat, also separate. The “bridge” is recognition: Unexpected arrives as a feeling and as a memory to share, only if invited. With limited contact, live 30–41 as climate and 33–13 as private witness. People carrying 30, 33, or 45 are the possible electromagnetic field — do not initiate them.

Saturday, August 29, 2026

Sun enters 40.1 and Earth 37.1 — Community in the sky over her defined Ego (26) and open Heart's tribal neighbor. Moon 36.4 meets Personality Mars 35.3. Jupiter 33.6 still completes 13.4. 30–41 remains. Venus moves off 57 onto 32.

- **Key Transit Activation:** Moon 36.4 completes hanging Mars 35.3 as Channel 35–36 Transitoriness, a design of a jack of all trades. Jupiter 33.6 / Design Mercury 13.4 keep Channel 33–13. NN 30.6 / Pluto 41.2 / Design Sun 41.6 keep Channel 30–41. Sun 40.1 / Earth 37.1 occupy Community over defined 26 and open Solar Plexus. Saturn stays on hanging 21. Uranus 20.6 occupies open Throat.
- **Effect:** 35.3 is Progress by change — the appetite for a new experience already in her Personality. 36.4 is crisis as teacher, the darkening that makes the experience real. Together they give open Throat and open Solar Plexus a collective emotional voice: “I experience.” 40/37 bargains around her 26 ego without giving her 37. 20.6 puts “I am now” in a throat that is not hers.
- **Difficulty:** 35–36 is a manifesting channel. A Projector with that transit can initiate experience and meet resistance. Open Solar Plexus will feel the crisis as if it were hers. 20 on open Throat plus 35 is a double pull to act now. 4th-line network may get invitations to dramas that are not her life.
- **Resolution:** Transitoriness is a visit. If an invitation to an experience arrives and the spleen says yes in the moment, she can enter. If she has to push, it is not hers. Do not sign the 40/37 bargain. Let 20 pass through the throat un-spoken unless recognized.
- **Bridging Effect:** 35–36 temporarily motors open Throat to open Solar Plexus — a borrowed collective channel sitting beside 26–44, not joined to it. 33–13 is still up for one more day. Single definition stays single; she now has extra experience-frequency in the aura. Limited people reduce the chance of being drafted into someone else's crisis. One recognized conversation is enough electromagnetic contact.

Sunday, August 30, 2026

Sun 40.2 / Earth 37.2. Moon 17.6 sits on Personality Moon 17.3. Jupiter enters 7.1 and meets Design Earth 31.6. Mars 39.4 in open Root. 30–41 continues. 33–13 drops as Jupiter leaves 33.

- **Key Transit Activation:** Jupiter 7.1 completes hanging Design Earth 31.6 as Channel 7–31 the Alpha, a design of leadership — this is her Design Earth, the other pole of the Cross of the Unexpected. Moon 17.6 occupies hanging Personality Moon 17.3 (Opinions) without 62. 30–41 remains. Sun 40.2 / Earth 37.2 stay on Community. Saturn 21.5 on hanging 21. Uranus 20.6 on open Throat.
- **Effect:** 31.6 is Influence at the 6th line — leadership as example rather than campaign, matching her 4/6 roof. 7.1 is the Authoritarian role of the Self, iron hand enlightened or despotic. Together they put her Cross Earth into “I lead” / “the role leads.” 17.3 is the opinion that organizes a pattern; 17.6 wants that opinion to serve the whole. Open Ajna is suddenly full of teaching.
- **Difficulty:** 7–31 is projected. A Projector who takes the Alpha without invitation meets the not-self bitterness of “they will not follow.” 17 without 62 is opinion without detail. 20 plus 31 on open Throat is a lot of voice. 5th-line-looking heresy is not her profile; the 4th line needs the invitation from the network, not a broadcast.
- **Resolution:** Wait to be chosen. 31.6 on the roof is being the pattern, not announcing it. Opinions stay in the notebook until someone asks. Spleen in the now decides whether the role is even interesting. Community weather (40/37) is not her channel.
- **Bridging Effect:** 7–31 defines G–Throat on her Cross Earth. It does not connect to 26–44 (Ego–Spleen). Two islands: Surrender and Alpha. That is not a split in her natal design; it is a transit overlay. Bridging for a Single Projector is recognition between those frequencies when an invitation links them. With few people, practice leadership as posture. If someone carrying 7 or 31 arrives and recognizes her, that is the electromagnetic of the Unexpected.

Monday, August 31, 2026

Sun 40.3 / Earth 37.3. Moon 42.2 is exact Personality Mercury 42.2. Mercury enters 64.1 over open Head. Jupiter 7.1 still completes 31.6. Venus 32.3.

- **Key Transit Activation:** Moon 42.2 exact natal Mercury 42.2 occupies hanging Growth / Maturation without 53 today (Mars reaches 53 on September 3). Jupiter 7.1 / Design Earth 31.6 keep Channel 7–31. Mercury 64.1 Confusion occupies open Head. 30–41 continues. Sun 40.3 Organization / Earth 37.3 Evenhandedness in the sky.
- **Effect:** 42.2 is growth by staying inside the process. Exact on her Mercury, the abstract mind wants to talk about completing a cycle. Without 53 the format has no Root start-button from the sky — only her hanging 42 lit. 64.1 pours unsorted images into open Head. Alpha remains. 40.3 organizes support around an ego she expresses through 26.
- **Difficulty:** Moon exact a hanging gate makes the theme feel like destiny. She can promise to finish what was never invited. Open Head plus 64 is mental conditioning. 7–31 can appoint her project manager of a cycle. Open Sacral does not have the energy to complete 42 without a correct invitation and a place to generate against.
- **Resolution:** Note the cycle; do not launch it. 42 waits for 53 in three days, and even then a Projector does not start — she is invited into a process already moving. Let 64 pass. Organization (40.3) is not her job unless recognized.

- **Bridging Effect:** No new channel. 7–31 and 30–41 still overlay the single 26–44. Exact 42 is a spotlight on hanging abstract format. Limited contact keeps her from being volunteered as the one who will finish the group's project. A 4th-line friend who already knows her is the only electromagnetic worth answering today.

Tuesday, September 1, 2026

Sun 40.4 / Earth 37.4. Moon 27.5 sits on Personality Sun 27.4 — the conscious pole of her Cross. Jupiter 7.1 still on 31.6. Mercury 64.3. Mars 39.5.

- **Key Transit Activation:** Moon 27.5 The Executor occupies Personality Sun 27.4 (Caring) of the Right Angle Cross of the Unexpected. Channel 27–50 is not complete until Venus reaches 50 on September 5. Jupiter 7.1 / 31.6 keep Channel 7–31. 30–41 continues. Saturn 21.5 on hanging 21. Mercury 64.3 over open Head.
- **Effect:** 27.4 is the line of Generosity on the Gate of Caring — qualitative sharing, or indiscriminate giving that depletes. 27.5 is the executor who handles others' resources. On a Projector Cross this is custodianship as identity: the Unexpected often arrives as someone to nourish. Alpha plus Caring is a classic "lead by feeding" overlay.
- **Difficulty:** Hanging 27 without 50 is care without tribal law. Open Sacral will try to generate nourishment she does not have. 4/6 can become the helper of the network and call it purpose. 7–31 will make the caring look like leadership. Bitterness follows when the care is not recognized.
- **Resolution:** 27's first law is to have, then to give. Feed herself. Executor is correct only after invitation and a splenic yes. Values wait for 50 on Saturday. Do not lead a household today because the Moon is on her Sun.
- **Bridging Effect:** Moon on the Cross Sun lights identity; it does not complete a channel and does not join 26–44 to 7–31. The theme of the Unexpected is care arriving out of sequence. With limited people she can miss the social delivery of 27 — and she can also avoid depletion. One invited act of care is the electromagnetic. Anything she initiates to feel useful is not.

Wednesday, September 2, 2026

Sun 40.5 / Earth 37.5. Moon 23.2 occupies individual knowing at open Throat. Mars 39.6 last degree in open Root. Jupiter 7.1 still completes 31.6. Mercury 64.5.

- **Key Transit Activation:** Moon 23.2 (Splitting Apart) occupies open Throat without natal 43 — Channel 43–23 does not complete. Jupiter 7.1 / Design Earth 31.6 keep Channel 7–31. 30–41 remains. Mars 39.6 Misunderstanding in open Root. Sun 40.5 Rigidity / Earth 37.5 Love in the Community sky. Saturn still on 21.
- **Effect:** 23.2 is a fragment of "I know" looking for a throat. She already has 11 hanging and 22 hanging nearby in the individual knowing stream; the Moon adds the voice without the insight (43). Alpha is still on. 39.6 is opposition without a clear basis — Root pressure to pick a last fight. 37.5 is devotion or love turning to hate in a bargain she does not carry.
- **Difficulty:** Open Throat plus 23 plus 31 plus 20 (Uranus) is a chorus. A Projector speaking from that chorus initiates. 39.6 will provoke to feel purpose (hanging 28 wants a fight). 4/6 roof can go silent and still leak the fragment through the network.
- **Resolution:** Hold the knowing. 23 without 43 is not ready. Spleen in the now: if there is no immediate recognition, there is no sentence. Let 39.6 pass without finding an opponent. Love/hate weather in 37.5 is not her channel.

- **Bridging Effect:** Still 7–31 and 30–41 over 26–44. 23 is color on open Throat, not a bridge. Limited contact is protection for an open Throat day. Electromagnetic would be someone who invites the insight; without 43 she does not have it to give. Listen with 13 (natal hanging) instead of speaking with 23.

Thursday, September 3, 2026

Sun 40.6 / Earth 37.6 peak Community in the sky. Moon 20.5 joins Uranus 20.6 on open Throat. Mars enters 53.1 and meets natal Mercury 42.2, completing Channel 53–42. Mercury enters 47.1. Jupiter 7.2 continues Alpha with 31.6.

- **Key Transit Activation:** Mars 53.1 completes hanging Personality Mercury 42.2 as Channel 53–42 Maturation, a design of balanced development. Moon 20.5 plus Uranus 20.6 occupy open Throat (the Now) without 10, 34, or 57 natal to complete a channel. Jupiter 7.2 The Democrat / Design Earth 31.6 keep Channel 7–31. Mercury 47.1 Realization on open Ajna. 30–41 continues.
- **Effect:** 53–42 is the abstract format: begin only what can be finished, one cycle. It has been waiting since Monday's exact Moon on 42. 7.2 is leadership that serves the majority when chosen — kinder than 7.1 on her 31.6 roof. 20.5 is realization in the now through a throat that is not defined. 40.6 / 37.6 is Line-6 Community: purpose and the cutting away of what harms the group.
- **Difficulty:** Format energy in open Root plus open Sacral is a start-button with no motor of her own. 20 doubled on open Throat wants the realization spoken or done now. 47.1 on open Ajna oppresses with a partial story. Alpha plus format plus now is the not-self cocktail for a Projector: initiate a cycle and lead it.
- **Resolution:** Maturation is invited, not launched. If a cycle already in her life is recognized today, the spleen will click. If she has to push 53, wait. 7.2 waits to be chosen. Let 20 be presence, not performance. 47.1 does not need a conclusion.
- **Bridging Effect:** 53–42 is Root–Sacral on two open centers. It sits beside 26–44 and beside 7–31. Three frequencies, still not one definition — and her natal design remains Single. The gift is tempo: the Unexpected (41/27/31/28) can move through a cycle instead of a jolt. Few people means the cycle is more likely to be her own. Someone carrying 53 or 42 who already belongs to the 4th-line network is the electromagnetic to watch.

Friday, September 4, 2026

Sun 64.1 / Earth 63.1 occupy open Head. Moon 45.2 meets Saturn 21.5 and the natal 21 stack, completing Channel 21–45. Mercury 47.3. Mars 53.1 still completes 42.2. Jupiter 7.2 still completes 31.6.

- **Key Transit Activation:** Moon 45.2 The Gatherer completes hanging 21 (Personality North Node 21.3, Jupiter 21.4, Design Mars 21.4, Design North Node 21.5) as Channel 21–45 the Money line, a design of a materialist. Sun 64.1 / Mercury 47.3 form Channel 64–47 in the sky over open Head and open Ajna. Earth 63.1 Doubt in open Head. Mars 53.1 / natal 42.2 keep Channel 53–42. Jupiter 7.2 / 31.6 keep Channel 7–31. 30–41 remains.
- **Effect:** 21–45 is the tribal ego-to-throat she has been primed for all week by Saturn on 21. The hunter finally has land to hunt. 45.2 is dominion and gathering. For a Projector whose only natal motor is Ego (26), this is will plus voice — material recognition. 64–47 is abstract processing. 53–42 still wants a cycle. Alpha still offers a role.

- **Difficulty:** 21–45 is projected and tribal. Taking control of resources without invitation is not-self. Open Head/Ajna under 64–47 and 63 will narrate worth as money. 20 is gone with the Moon but 45 replaces it as another throat. Too many voices. Bitterness if the gathering is not recognized.
- **Resolution:** Wait to be asked into the resource conversation. Splenic yes in the now, then the invitation must be specific. 64–47 is weather — watch it. Keep 53–42 on cycles already in motion. 7–31 still waits to be chosen.
- **Bridging Effect:** 21–45 joins hanging Ego-control to open Throat. Her natal 26 is already Ego; 21–45 adds a second ego-throat path that does not include the Spleen of 26–44. Two ego expressions can compete. Bridging is letting 26–44's instinctive memory (44) decide whether the 21 hunt is healthy. Limited contact: she does not need to run a treasury. One recognized material conversation is the electromagnetic.

Saturday, September 5, 2026

Sun 64.2 / Earth 63.2. Moon 15.5 occupies the Vessel at open G. Venus 50.1 meets Personality Sun 27.4 and completes Channel 27–50. Mercury 47.5. Mars 53.2 still on 42.2. Jupiter 7.2 still on 31.6.

- **Key Transit Activation:** Venus 50.1 The Immigrant completes Personality Sun 27.4 as Channel 27–50 Preservation, a design of custodianship. Moon 15.5 Extreme occupies open G (Love of Humanity) without natal 5. Sun 64.2 / Mercury 47.5 keep 64–47 weather. Earth 63.2 Doubt. Mars 53.2 / 42.2 keep Channel 53–42. Jupiter 7.2 / 31.6 keep Channel 7–31. 21–45 has dropped. 30–41 remains.
- **Effect:** 27–50 is the Cross Sun completed: Caring meets Values. 50.1 is law learned from the bottom; 27.4 is generosity that knows quality. This is custodianship with immunity attached — open Spleen already defined through 44 now also hears tribal law. 15.5 magnetizes the aura wide. Alpha, format, and Recognition are still on.
- **Difficulty:** 27–50 can conscript her as the keeper of the tribe the day after 21–45 tempted her to gather. Open Sacral will try to nourish without fuel. 15.5 can say yes to every tempo and every person. 4/6 network will notice the aura and send needs. 50's fear is responsibility.
- **Resolution:** Custodianship after invitation, and only where the spleen clicks now. 50.1 stays humble — do not rewrite anyone's law. One rhythm, even without 5. 15.5 on the roof can be magnetic from a distance; she does not have to enter every room. Preservation starts with her own form.
- **Bridging Effect:** 27–50 is Sacral–Spleen. The Spleen is her defined center (26–44). This is the week's cleanest attachment to her actual design: values and care plug into the same awareness that already runs Surrender. 7–31 and 53–42 remain separate overlays. For a Single Definition Projector this is as close as the sky comes to “more of her, not more islands.” Limited contact is workable — Preservation does not require a crowd. The electromagnetic is a person who recognizes her care and already belongs to the 4th-line network. She responds to that recognition. She does not go looking for someone to save.

Closing Orientation

The Unexpected this week is mechanical. Recognition (30–41) runs the whole window on her Design Sun. The Prodigal (33–13) opens Friday and Saturday. Transitoriness (35–36) visits Saturday. The Alpha (7–31) switches on Sunday and stays through Saturday on her Design Earth. Maturation (53–42) arrives Thursday. The Money line (21–45) is Friday. Preservation (27–50) completes her Personality Sun on Saturday the 5th.

None of that turns a Projector into a motor. Wait. Notice who recognizes her. Answer only the invitations the spleen clicks in the moment. Let 26–44 keep transmitting what the memory already knows. With few people, the 4th-line roof is enough: the network she already trusts, one conversation at a time, no broadcast. The Unexpected does not need to be chased. It arrives.
