Transit Report • August 28 – September 5, 2026

Emotional Manifestor • Profile 2/4 • Single Definition

Right Angle Cross of Planning (37/40 | 9/16)

How This Week Meets Her Design

Teresa is a Single Definition Emotional Manifestor, 2/4, on the Right Angle Cross of Planning. Her defined channels already form one consistent body: 37–40 Community, 39–55 Emoting, 32–54 Transformation, and 16–48 Wavelength. Root, Spleen, Throat, Solar Plexus, and Ego are joined. Open are Head, Ajna, G, and Sacral. There is no split to bridge and no natal electromagnetic channel.

The spine of the week is the Sun and Earth walking her Personality 40.2 and 37.2 — exact on Sunday, August 30, and at Line 6 Purpose / Decapitation on Thursday, September 3. That is the Cross of Planning lived as weather. Strategy does not change: wait for the emotional wave to clear, then inform before she acts. Profile 2/4 is the Hermit-Opportunist. Aloneness is not a problem. The 4th-line network comes to the cave. Limited contact fits this design.

Standing Sky — the Whole Window

North Node 30.6 / South Node 29.6 hold Recognition and the sacral Yes in the sky and complete hanging Venus 41.5 as 30–41 for the entire period. Neptune 25.6 completes hanging Jupiter 51.1 as 25–51 Initiation all week. Saturn 21.5 holds Control. Uranus 20.6 holds the Now and completes 10–20 with Design Mercury 10.2 from Thursday. Pluto 41.2 is on her 41. Mars walks her 39 through Wednesday. Venus walks her 32 from Saturday through Friday. The daily plot is the Sun/Earth Cross walk, then Logic (63–4) from Friday the 4th.

Friday, August 28, 2026

The week opens on both of her defined emotional channels. Earth 55.6 sits on Personality North Node 55.1 and Design North Node 55.5. Mars 39.2 sits on Personality Uranus 39.1 and Design Uranus 39.5. Sun 59.6 sits on Personality South Node 59.1 and Design South Node 59.5. Mercury 40.1 begins the walk toward her Personality Earth 40.2. Neptune 25.6 faces Personality Jupiter 51.1. Pluto 41.2 sits on Personality Venus 41.5 with North Node 30.6.

- **Key Transit Activation:** Earth 55.6 and Mars 39.2 occupy Channel 39–55 Emoting at both natal ends. Sun 59.6 completes hanging 59.1 / 59.5 as Channel 59–6 Mating only from the 59 side (she does not carry 6 — the sky supplies 59 on her Nodes; 6 is not natal, so the full channel is in the sky plus her 59). NN 30.6 with Pluto 41.2 on natal 41.5 complete hanging 41 as Channel 30–41 Recognition. Neptune 25.6 completes hanging Jupiter 51.1 as Channel 25–51 Initiation. Mercury 40.1 occupies Channel 37–40 Community.
- **Effect:** 39.1 is Qualification — knowing when and how to fight; 39.2 is Politeness, obstruction that keeps the social code. 55.1 / 55.5 are the cup at the beginning and the exalted growth of spirit. Together her own Channel of Emoting is being played by the sky. 51.1 is Shock, the need to be first; 25.6 is Innocence after the test. Initiation lands on an Emotional Manifestor who already shocks by informing. 41.5 is the contracted dream that can over-hope; 30.6 will not drop the feeling.

- **Difficulty:** Two emotional motors at once: 39–55 individual mood and 30–41 abstract fate, plus 59 on the sexual Nodes. A Manifestor can inform from a wave that has not settled and meet anger. 51–25 wants to leap. Open Sacral will try to generate the intimacy 59 implies. 2/4 hermit can feel invaded by so much spirit-and-shock weather.
- **Resolution:** Wait through the wave. Then inform — especially before any shock (51) or any closeness (59). 39.2 allows the provocation to stay polite. Recuperation begins as Mercury enters 40; the will does not have to host. Initiation is correct only after clarity, not as a first move.
- **Bridging Effect:** Single definition already joins Root, Spleen, Throat, Solar Plexus, and Ego. Nothing needs welding. 30–41 adds another Root–Solar Plexus stream beside 39–55 — more feeling, same centers. 25–51 adds G–Ego: open G gets a centering channel onto her defined Heart. That is the day’s real addition — direction-of-self onto will. With few people the 2nd-line hermit is correct. Inform the 4th-line network if she acts. Do not go find someone to initiate or to mate with in order to feel the channel.

Saturday, August 29, 2026

Sun enters 40.1 and Earth 37.1 — the first day of the sky walking her Personality Cross of Planning (37/40). Moon 36.4 enters Crisis on her defined Solar Plexus. Venus 32.1 occupies Channel 32–54. Mars 39.3 continues on natal 39. 30–41 and 25–51 remain.

- **Key Transit Activation:** Sun 40.1 / Earth 37.1 occupy Personality Earth 40.2 and Personality Sun 37.2 — Channel 37–40 Community and the Right Angle Cross of Planning at line 1. Venus 32.1 occupies natal Neptune 32.1 and Design Venus 32.3 in Channel 32–54 Transformation. Moon 36.4 occupies the Gate of Crisis inside defined Solar Plexus (no natal 35, so 35–36 does not complete). Mars 39.3 Investigation stays on Channel 39–55. 30–41 and 25–51 continue.
- **Effect:** 37.2 detriment is pointing out everyone else’s responsibility; 37.1 is the Mother/Father foundation of the family. 40.2 exalted is Resoluteness — aloneness that sees who would disrupt the group; 40.1 is Recuperation. Line 1 on her Cross is the 2/4 hermit’s language: study the pattern of the tribe from the cave. 32.1 Conservatism keeps what has already proved itself. 36.4 makes the Community wave feel like a crisis that must teach.
- **Difficulty:** Personality Cross lit from the outside can turn the Manifestor into the unofficial planner of other people’s households. 37.2 detriment plus 36 is blame dressed as crisis. 39.3 investigation can pick apart the bargain. Open Head/Ajna will write a plan that the wave has not authorized. Informing late will meet resistance.
- **Resolution:** Plan after the wave, not during the 36 spike. 40.1/40.2 permit being alone inside the bargain — that is correct will, not withdrawal as not-self. 32.1 supports no new structures. Inform the people the plan would touch, then wait.
- **Bridging Effect:** No split. The sky is amplifying her own 37–40 and 32–54. 25–51 still attaches open G to Ego. Limited contact matches 40 and the 2nd line. The 4th-line network will feel the Cross whether she leaves the house or not; one informed person is enough electromagnetic field. She has none natal.

Sunday, August 30, 2026

Exact Cross day. Sun 40.2 and Earth 37.2 are exact Personality Earth 40.2 and Personality Sun 37.2. Moon 17.6 sits on Design Jupiter 17.1. Jupiter enters 7.1. Mars 39.4 stays on 39–55. Venus 32.2 stays on 32–54.

- **Key Transit Activation:** Sun 40.2 exact natal Earth 40.2 / Earth 37.2 exact natal Sun 37.2 — Channel 37–40 and RAC Planning exact at their Personality lines. Moon 17.6 occupies hanging Design Jupiter 17.1 (Opinions) without 62. Jupiter 7.1 occupies the role of the Self without natal 31. Mars 39.4 Alliance on Channel 39–55. Venus 32.2 on Channel 32–54. 30–41 and 25–51 continue. Uranus 20.6 on hanging Design Mercury 10.2 begins the approach to 10–20.
- **Effect:** This is her Cross lived as a transit. 40.2 exalted: the power through aloneness to recognize who would disrupt deliverance. 37.2: responsibility as the foundation of cooperation — detriment, pointing at others. 17.1 is the organizing opinion at the start of the pattern; 17.6 wants it to serve everyone. 39.4 is the mood that looks for a worthy ally in struggle. 10.2 is the Hermit behavior of the Vessel, exalted in her design.
- **Difficulty:** Exact Personality Sun/Earth can make the mind think it is time to announce the Plan. 17 without 62 is opinion without facts. 7.1 without 31 is an authoritarian role she does not carry. A Manifestor informing from 37.2 detriment sounds like blame. Open G plus 7 and 10 can confuse role with identity.
- **Resolution:** Be the hermit on her own Cross. Clarity first. Inform without prosecuting responsibility. 39.4 exalted integrates with similar forces — the 4th-line friend who already knows her, not a new public. Let 7.1 pass; she is not the Alpha.
- **Bridging Effect:** Exact 37–40 is her own channel, not a bridge. 10.2 plus Uranus 20.6 is almost Awakening; the Moon will complete it on Thursday. 25–51 remains the G–Ego overlay. With few people this exact day is better spent in the 2nd-line cave. The network will call if the opportunity is real. Inform when she leaves the cave, not to fill it.

Monday, August 31, 2026

Sun 40.3 / Earth 37.3 continue across her Community channel. Moon 42.2 occupies open Sacral's abstract growth gate. Mercury enters 64.1 over open Head. Venus 32.3 is exact Design Venus 32.3. Mars 39.5 on natal 39. Jupiter 7.1 remains.

- **Key Transit Activation:** Venus 32.3 exact Design Venus 32.3 in Channel 32–54 Transformation. Sun 40.3 Organization / Earth 37.3 Evenhandedness on Personality 40/37. Moon 42.2 Growth without natal 53. Mercury 64.1 Confusion in open Head. Mars 39.5 Alienation on Channel 39–55. Jupiter 7.1 still without 31. 30–41 and 25–51 continue.
- **Effect:** Exact 32.3 is Duration — the instinct not to break what works, the conservative spleen of Transformation. 40.3 organizes support in order to stay separate; 37.3 senses what behavior fits the bargain. 39.5 is the fighter alone; exalted, the ambition to endure. 42.2 invites a cycle her sacral does not define. 64.1 fills open Head with images.
- **Difficulty:** Open Sacral plus 42 wants to begin what she cannot generate. Open Head plus 64 will design the cycle on paper. 39.5 on a 2/4 can lock the hermit door and call it spirit. 40.3 detriment organizes for quantity and destabilizes deliverance. Manifestor action from that mix meets anger.
- **Resolution:** Keep what 32.3 already trusts. Do not start a 42 cycle. Let 64 pass. 39.5 isolation can be correct hermit time if the wave agrees — not if it is spite. Organize small. Inform only the few who would be affected.
- **Bridging Effect:** Exact 32–54 is her own spleen–root, not a new bridge. 42 is a hanging theme on open Sacral and does not attach to her single definition until 53 arrives Thursday — and even then 42 is not natal. Limited contact protects open Head and open Sacral. The 4th line needs one trusted ally (39.4 leftover, 39.5 caution), not a committee.

Tuesday, September 1, 2026

Sun 40.4 / Earth 37.4. Moon 27.5 occupies Caring without natal 50. Mercury 64.3. Venus 32.4 on 32–54. Mars 39.5 still on 39–55. Jupiter 7.1 remains.

- **Key Transit Activation:** Moon 27.5 The Executor occupies the Gate of Caring without completing 27–50. Sun 40.4 Humility / Earth 37.4 Leadership by example continue on her Cross. Venus 32.4 holds Transformation. Mars 39.5 holds Emoting. Mercury 64.3 keeps open-Head weather. 30–41 and 25–51 continue. Saturn 21.5 still in the sky without natal 21.
- **Effect:** 37.4 is Leadership by example — highest principles in ordinary affairs, the line that lets a hermit be seen without campaigning. 40.4 Humility does not flaunt will. 27.5 wants to distribute other people's resources. On a Cross of Planning this can look like being asked to feed the plan as well as design it.
- **Difficulty:** Caring without 50 is nourishment without law. Open Sacral will try to generate the feeding. 5th-line-looking executor is not her 2/4. Bitterness is a Manifestor theme when care is not received as she informed it. 64 plus 27 makes a story about duty.
- **Resolution:** Example, not execution. Feed herself. 40.4 stays off the stage unless the wave is clear and she has informed. No custody of other people's process. 32.4 keeps the old pattern that works.
- **Bridging Effect:** 27 does not complete a channel and does not add to her single definition. The Cross is simply being asked to care while it plans. Few people means fewer executor jobs — correct for the 2nd line. If a 4th-line friend asks for help and the wave says yes, inform and then give. That is the only electromagnetic worth answering.

Wednesday, September 2, 2026

Sun 40.5 / Earth 37.5. Moon 23.2 occupies individual knowing at open-adjacent Throat (her Throat is defined through 16–48). Mars 39.6 is exact the last degree of natal-adjacent 39. Mercury 64.5. Venus 32.5. Jupiter 7.1.

- **Key Transit Activation:** Mars 39.6 Misunderstanding occupies Channel 39–55 at the last degree of 39 (natal Uranus 39.1 / 39.5). Sun 40.5 Rigidity / Earth 37.5 Love on the Cross. Moon 23.2 Splitting Apart on the Throat without natal 43 — 43–23 does not complete. Venus 32.5 on 32–54. 30–41 and 25–51 continue.
- **Effect:** 39.6 is opposition without a clear basis; exalted, stubbornness that stays until the misunderstanding crystallizes. On 39–55 this is the last mood-fight of the Mars transit. 37.5 Love is natural devotion to the family, or dependency that turns love to hate. 40.5 maintains ego by rejecting the negative. 23.2 is a fragment of “I know” through a throat that already says “I experiment” (16).
- **Difficulty:** Last-degree 39 plus 37.5 can turn the bargain into a final verdict on love. 23 without 43 announced through defined Throat is a charismatic fragment. 40.5 can cut too cleanly. Informing from that mix sounds like a door slamming.
- **Resolution:** Let the misunderstanding crystallize (39.6 exalted) instead of prosecuting it. Wave first. 37.5 devotion needs no performance. 40.5 may reject what is actually draining — after clarity, and after informing. Do not publish the 23 fragment.
- **Bridging Effect:** Still her own channels, plus 25–51 and 30–41. Tomorrow Mars leaves 39 and the individual motor quiets. Limited contact tonight keeps the last provocation from becoming someone else's mood. Inform one person if a decision is real. Then the hermit door is allowed.

Thursday, September 3, 2026

Peak Line-6 of her Personality Cross. Sun 40.6 / Earth 37.6. Moon 20.5 joins Uranus 20.6 on Design Mercury 10.2 and completes Channel 10–20. Mars enters 53.1. Mercury enters 47.1. Jupiter 7.2.

- **Key Transit Activation:** Sun 40.6 Decapitation / Earth 37.6 Purpose occupy the sixth line of Personality 40/37 and of RAC Planning. Moon 20.5 plus Uranus 20.6 complete hanging Design Mercury 10.2 (exalted) as Channel 10–20 Awakening, a design of commitment to higher principles. Mars 53.1 occupies open Root's format without natal 42. Mercury 47.1 Realization on open Ajna. Jupiter 7.2 The Democrat without 31. 30–41 and 25–51 continue. Venus 32.5 still on 32–54.
- **Effect:** 40.6 is the necessary removal of what harms the group; exalted, the ego ejects only what is legitimate. 37.6 Purpose maintains the family by recognizing its values. This is Planning at the 6th line — the pattern made visible. 10.2 exalted is the Hermit of the Vessel, behavior as love of life; 20.5 is realization in the now. Awakening joins her open G to defined Throat. 7.2 waits to be chosen.
- **Difficulty:** Line 6 on a 2/4 Cross can feel like “I am done with all of you” (37.6 detriment) or like a purge (40.6 detriment). 10–20 will act the realization now through a Manifestor throat. 53.1 itches to start. 47.1 oppresses with a partial story. Informing after the deed is the not-self.
- **Resolution:** Purpose first, then a clean cut only where the wave agrees. Inform before any ejection or any awakened act. 10–20 is presence, not a campaign — the hermit awake in her own cave is enough. No 53 cycle. Give 47.1 no authority.
- **Bridging Effect:** 10–20 is the day's true addition: hanging 10 on open G completes to Throat she already defines through 16–48. Behavior and voice join. That stitches open G more deeply into her single definition (G was already touched by 25–51). Two G bridges in one week — Initiation and Awakening. With few people, awakening is private. The 4th-line network meets it when she informs, not when she performs.

Friday, September 4, 2026

Sun leaves her Cross into 64.1; Earth enters 63.1 and meets hanging Pluto 4.2 / 4.3. Moon 45.2 with Saturn 21.5 forms 21–45 in the sky. Mercury 47.3. Mars 53.1. Jupiter 7.2. Venus 32.6 last degree of her 32.

- **Key Transit Activation:** Earth 63.1 Doubt completes hanging Personality Pluto 4.2 and Design Pluto 4.3 as Channel 63–4 Logic. Sun 64.1 with Mercury 47.3 form Channel 64–47 in the sky over open Head and open Ajna. Moon 45.2 / Saturn 21.5 complete Channel 21–45 Money in the sky (neither gate natal). Venus 32.6 last step on Channel 32–54. Mars 53.1 still without 42. 10–20 continues via Uranus 20.6 / natal 10.2. 30–41 and 25–51 remain.
- **Effect:** 4.2 / 4.3 are formulas at the beginning of Youthful Folly; 63.1 is the first question in a pattern. Planning meets Logic — the Cross of Planning gets a doubt that can test the plan. 21–45 is material gathering through a throat she already uses for 16. After six days on 37/40 the bargain pressure lifts and the mind and the wallet talk. 32.6 is Duration at the end of the line.
- **Difficulty:** Open Head/Ajna under both 63–4 and 64–47 is heavy mental conditioning the day after a Cross peak. 21–45 can equate worth with resources. Defined Throat may announce a financial plan the wave has not cleared. 53 still wants a start. Manifestor action from the mind meets resistance.
- **Resolution:** Let 63–4 be a question, not a verdict — useful for a planner. 21–45 is not hers; wait if resources are discussed, then inform. Rest the will that just finished its Personality Cross walk. Keep 32.6's continuity. No new format.

- **Bridging Effect:** 63–4 defines open Head to open Ajna — a borrowed mental channel that does not attach to her single definition below. 21–45 is entirely in the sky. 10–20 and 25–51 still hold open G to her defined body. Limited contact protects the open mind from becoming the committee’s logician. Inform if she speaks; otherwise watch the movie.

Saturday, September 5, 2026

Sun 64.2 / Earth 63.2 keep 63–4 on her hanging 4. Moon 15.5 occupies open G. Venus 50.1 occupies Values without natal 27. Mercury 47.5. Mars 53.2. Jupiter 7.2. Uranus 20.6 still completes 10.2.

- **Key Transit Activation:** Earth 63.2 / natal 4.2 and 4.3 keep Channel 63–4 Logic. Moon 15.5 Extreme occupies open G (Love of Humanity) without natal 5 — 5–15 does not complete. Venus 50.1 The Immigrant occupies Values without 27. Sun 64.2 / Mercury 47.5 keep 64–47 weather. Mars 53.2 still without 42. Jupiter 7.2 still without 31. Uranus 20.6 / Design Mercury 10.2 keep Channel 10–20. 30–41 and 25–51 remain. 21–45 has dropped.
- **Effect:** 15.5 magnetizes the aura of the Vessel wide on the same G that 10–20 and 25–51 have been lighting. 50.1 is law learned from the bottom, with no 27 to nourish it. 63–4 continues to question formulas — a gift for the Cross of Planning if she does not turn doubt into a verdict. Awakening is still on.
- **Difficulty:** 15.5 can swing the aura out of the hermit cave and collect every tempo. 50.1 can adopt someone else’s values to finish the plan. Open Sacral will try to generate a rhythm she does not have. 64–47 plus 63–4 keeps the head busy after the body has already done a Cross week.
- **Resolution:** One aura, one pattern. 10.2 hermit behavior is the correct 15.5 — magnetic from the cave. Do not take on a household’s law. Let doubt research the plan for later; do not announce a new one. Inform if she leaves the cave.
- **Bridging Effect:** 5–15 does not complete. 27–50 does not complete. What remains attached to her single definition is 10–20 (G–Throat) and 25–51 (G–Ego), plus her natal 37–40, 39–55, 32–54, 16–48. That is a Manifestor with an awakened, initiated G for one more day. Limited contact lets the 2/4 stay the hermit whose network can still find her. She informs. She does not recruit. Planning is already her Cross — she does not have to build a new tribe to prove it.

Closing Orientation

Friday the 28th lights Emoting, Initiation, and Recognition. Saturday through Thursday the Sun and Earth occupy her Personality 37 and 40 — exact Sunday, Line 6 Thursday — while Mars holds 39–55 and Venus holds 32–54. Thursday adds 10–20 Awakening on her exalted 10.2. Friday the 4th leaves the Cross and gives hanging 4 its 63. Saturday holds Logic, Awakening, and Initiation without adding Preservation or Rhythm.

She does not have to gather people to plan. Inform the few who would be touched. Wait for the wave. Let 40 be alone when it asks. Let 16 experiment rather than lecture. The hermit on the Cross of Planning is already the pattern. Trust it. Notice the difference when she informs first.
