

Teresa

Transit Report • September 3 – September 11, 2026

Emotional Manifestor • Profile 2/4 • Single Definition

Right Angle Cross of Planning (37/40 | 9/16)

How This Window Meets Her Design

Teresa is a Single Definition Emotional Manifestor, 2/4, on the Right Angle Cross of Planning. Her defined channels already form one consistent body: 37–40 Community, 39–55 Emoting, 32–54 Transformation, and 16–48 Wavelength. There is no split to bridge and no natal electromagnetic channel. Open are Head, G, and Sacral. The spine of this window is Thursday's exact occupation of Personality 40 and 37 — the Cross of Planning lived as weather at the end of those gates. Strategy does not change: wait for the emotional wave to clear, then inform before she acts. Profile 2/4 is the Hermit-Opportunist. Aloneness is not a problem. The 4th-line network comes to the cave. Limited contact fits this design.

Standing Sky — the Whole Window

Neptune holds 25 and keeps hanging 51 complete as 25–51 Initiation all nine days. Uranus holds 20 and keeps hanging 10 complete as 10–20 Awakening all nine days. North node and Pluto hold hanging 41 complete as 30–41 Recognition all nine days. Saturn occupies defined Ego at 21 without 45, except for a lunar 21–45 on Friday. Mars occupies 53 without 42. Jupiter occupies 7 on open G without 31, so the Alpha does not form.

Earth on 63 from Friday through Tuesday completes hanging 4 as 4–63. Mercury on 6 from Sunday through Tuesday completes hanging 59 as 59–6; the Moon on 6 brings that pairing back briefly on Friday the 11th. Earth occupies personality Moon 22 from Wednesday without 12. Venus occupies 50 from Saturday without 27. What this window does not do: it does not complete 12–22, 27–50, 7–31, 5–15, 11–56, 9–52, or 18–58.

Thursday, September 3, 2026

- **Key Transit Activation:** The Sun and Earth stand on her Personality Cross of Planning — Earth on 37, Sun on 40 — so natal 37–40 Community is occupied by the Lights at the last lines of those gates. Neptune keeps hanging 51 complete as 25–51 Initiation. Uranus keeps hanging 10 complete as 10–20 Awakening. North node and Pluto keep hanging 41 complete as 30–41 Recognition. The Moon occupies 20 with Uranus, so Awakening is lit from both ends. Venus occupies defined 32. Saturn occupies defined Ego at 21 without 45. Mars occupies 53 without 42.
- **Effect:** Planning is not a concept today; it is the body knowing what the community still holds and what the will can release. Initiation sits on an Emotional Manifestor who already moves by informing. Awakening gives open G a now-voice through defined Throat. Recognition adds a fated feeling to motors she already has.
- **Difficulty:** Line-6 purpose on the Cross can turn release into a purge. Initiation wants to go first, before the wave is done. Recognition will not drop a feeling. Open Sacral will try to generate fuel for a plan that is already emotional. The 2/4 hermit can feel invaded by so much will and shock weather.
- **Resolution:** Wait through the wave. Then inform — especially before any shock or any leaving. Recuperation is built into 40; the will does not have to host. Initiation is correct only after clarity, not as a first move.

- **Bridging Effect:** She is single definition. Nothing needs welding. 25–51 adds G to Ego. 10–20 adds G to Throat. Those two overlays give open G a temporary place in the bundle. 30–41 attaches fate-feeling to defined Root and Solar Plexus. Limited contact fits the hermit. The 4th-line network can come to the cave; she does not have to leave it to make Planning visible.

Friday, September 4, 2026

- **Key Transit Activation:** The Lights leave her 40/37 and enter 64/63. Earth on 63 completes hanging 4 as 4–63 — logic’s doubt and formula, Head to Ajna. Ajna is already defined through 16–48, so Head is the new piece. The Moon occupies 45 with Saturn on 21, so 21–45 Money is briefly lunar: Ego to G. 25–51, 10–20, and 30–41 remain. Mercury occupies 47 on defined Ajna.
- **Effect:** The Cross-hit becomes climate. Wavelength now has a Head above it. For a few hours the hunter has a gatherer. Initiation, Awakening, and Recognition continue as overlays.
- **Difficulty:** A new mental formula will try to finish yesterday’s plan as a theory. Lunar 21–45 can look like a mandate to manage resources for people who are not in the cave. A Manifestor can inform from the formula instead of from the wave and meet resistance.
- **Resolution:** 4–63 is not authority. The wave is. Let the lunar Money pass without founding a treasury. Inform only what survived clarity. Give the new Head no committee work.
- **Bridging Effect:** 4–63 extends defined Ajna upward into open Head. 21–45 is hours — Ego to G, already available this week through 25–51. No new split appears. Few people keep open Sacral and open G from staffing a plan that was not asked for.

Saturday, September 5, 2026

- **Key Transit Activation:** Venus enters 50 on defined Spleen without her 27, so 27–50 does not complete. The Moon occupies 15 on open G without her 5, so Rhythm does not form. 4–63 holds. 25–51, 10–20, and 30–41 remain. Sun stays on 64.
- **Effect:** Values frequency arrives in Transformation’s Spleen: a sense of law without the nourishment that would make it custodianship. Open G has tempo weather without a Rhythm channel. Planning, Initiation, and Awakening continue underneath.
- **Difficulty:** 50 without 27 judges a tribe she is not feeding. Open Sacral cannot generate the care 50 implies. The hermit can feel responsible for a network’s law from inside the cave. Recognition will sentimentalize the duty.
- **Resolution:** Hold values from humility. Custodianship of her own form first. Inform if a caring act is actually next. Do not leave the cave to become the law of a house that did not ask.
- **Bridging Effect:** 50 occupies defined Spleen; 27–50 does not form. 15 occupies open G; 5–15 does not form. Overlays unchanged: Initiation, Awakening, Recognition, and the mental 4–63. Sequence remains: feel, inform, act.

Sunday, September 6, 2026

- **Key Transit Activation:** Mercury leaves 47 and occupies 6. With her Nodes on 59, that completes 59–6 Mating — Sacral to Solar Plexus. The Moon joins Mars on 53, a start-gate she does not hold and cannot finish without 42. Venus holds 50. 4–63, 25–51, 10–20, and 30–41 remain.

- **Effect:** Open Sacral is borrowed for intimacy and friction against an already-defined wave. Planning's Solar Plexus now has Mating on top of Community, Emoting, and Recognition. Initiation still wants to go first.
- **Difficulty:** An Emotional Manifestor can inform and move on closeness that has not settled, then meet anger. Open Sacral will try to generate a bond the hermit did not invite. 53 will start a cycle to escape the wave. 25–51 will leap.
- **Resolution:** Wait through the wave. Inform before any closeness and before any shock. 59–6 is weather with a door, not a mandate to leave the cave. 53 without 42 is pressure, not a project.
- **Bridging Effect:** 59–6 is the new overlay: open Sacral to defined Solar Plexus. It sits beside Community and Emoting. It does not become natal. Limited contact protects hanging 59 from becoming a private drama that Initiation then enacts.

Monday, September 7, 2026

- **Key Transit Activation:** The Moon occupies 56 on open Head / defined Throat without her 11, so 11–56 does not complete. The Sun remains on 64. Mercury remains on 6, so 59–6 holds. Venus holds 50. 4–63, 25–51, 10–20, and 30–41 remain.
- **Effect:** Stimulation walks an open Head past a Throat that already knows how to speak through Wavelength. Mating, Initiation, and Awakening are still on. The hermit can feel the urge to tell a story that has no 11 behind it.
- **Difficulty:** Open Head plus 56 plus defined Throat wants to broadcast. A Manifestor who speaks to use the energy, rather than to inform after clarity, meets resistance. Mating will color the telling.
- **Resolution:** No 11–56 means no story channel. Wavelength can still inform — after the wave, to the 4th-line network that actually needs to know. One message. Then return to the cave.
- **Bridging Effect:** 56 occupies; 11–56 does not form. 59–6 remains the day's extra overlay. Awakening still gives G a now-voice. She does not need a crowd to inform. The network comes to the hermit when the informing is correct.

Tuesday, September 8, 2026

- **Key Transit Activation:** The Moon occupies 7 with Jupiter also on 7 — direction on open G, without her 31, so the Alpha does not complete. Saturn is still on 21. Mercury is still on 6, so 59–6 holds. The Sun finishes 64. Earth finishes 63, so 4–63 is in its last hours. 25–51, 10–20, and 30–41 remain.
- **Effect:** Leadership frequency sits on open G without giving her 7–31. Initiation and Awakening already occupy that G. Mating is still on Community's wave. Will-pressure through 21 is exact.
- **Difficulty:** Open G plus 7 plus 25–51 plus 10–20 looks like a mandate to lead a plan from the cave. Mating will dress the mandate as closeness. A Manifestor can inform a direction no one asked for and then call the hermitage a failure.
- **Resolution:** No Alpha channel. Direction without a settled wave is a push. Inform only if the plan actually moved for someone in the existing network. Rest the will inside 40.
- **Bridging Effect:** 7 occupies open G; 7–31 does not form. G is already in the bundle this week through 25–51 and 10–20. 4–63 fades. 59–6 is in its last hours. Sequence is again feel, inform, act. Few people keep Initiation from recruiting a court.

Wednesday, September 9, 2026

- **Key Transit Activation:** The Sun enters 47 on defined Ajna. Earth enters 22 and occupies personality Moon 22 — Openness-tone on defined Solar Plexus, without 12, so 12–22 does not complete. Mercury enters 46 on open G and open Sacral; with the south node on 29 that is 29–46 in the sky, not natal for her. The Moon occupies 29 with the south node. Venus holds 50. 59–6 is off. 25–51, 10–20, and 30–41 remain.
- **Effect:** Wavelength's Ajna is Sun-bright with realization. Defined Solar Plexus has grace and mood on 22 on top of Community, Emoting, and Recognition. Discovery weather walks the two open centers. Initiation and Awakening continue.
- **Difficulty:** 22 without 12 performs mood for an empty cave, or closes the door and calls the hermit a failure. Sky 29 will push a sacral yes she does not have. Realization will try to publish the week before the wave is done.
- **Resolution:** Let Community and Emoting feel first. 22 is her Moon occupied, not a social channel. Discovery in the sky is not her generator. Inform after clarity. The 4th-line network does not need a performance of grace.
- **Bridging Effect:** Earth 22 occupies defined Solar Plexus; 12–22 does not form. 29–46 does not form for her. Mating is off. Overlays back to Initiation, Awakening, Recognition. Inner completeness is the bundle she already has. Guests are not required.

Thursday, September 10, 2026

- **Key Transit Activation:** The Sun remains on 47. Earth remains on 22. The Moon occupies 64 — abstract pressure on open Head, pairing in the sky with the Sun on 47 against defined Ajna. Mercury keeps 46. Venus holds 50. 25–51, 10–20, and 30–41 remain.
- **Effect:** Open Head is loud above Wavelength. Openness-tone stays on the wave. Initiation and Awakening still give G a place. Planning underneath has not moved.
- **Difficulty:** Sky 64–47 floods open Head and then asks defined Throat to explain a plan. The hermit can feel unused if no one is there to receive the explanation. Open Sacral will volunteer to do more. Recognition will not drop the feeling.
- **Resolution:** The mental flood is weather. It does not drive 37–40 or 39–55. One wave. One informing if something actual remains. The 2/4 serves the network by being findable, not by staffing every hour.
- **Bridging Effect:** No new natal channel. Sky abstraction does not become 64–47 in her design; she does not carry 64. Overlays stand. Limited contact keeps open Head, G, and Sacral from filling with other people's plans.

Friday, September 11, 2026

- **Key Transit Activation:** The Sun remains on 47. Earth remains on 22. The Moon occupies 6; with her Nodes on 59 that briefly completes 59–6 again. Mercury keeps 46. Venus keeps 50. Mars finishes 53. 25–51, 10–20, and 30–41 hold through the end of the window.
- **Effect:** The week closes with Planning still consistent, Initiation and Awakening still overlaying G, Recognition still on the wave, 22 still occupying her Moon, and Mating back for a lunar pass.

- **Difficulty:** Friction at the end of nine days can close a bond that was never offered, or push a last shock through 25–51. 53 wants the week to have started something. Open Sacral will volunteer. The hermit can finish the window by informing a ruling no one asked for.
- **Resolution:** Do not finish with a ruling. Let the wave say which feeling is done. Inform if something actual remains. Rest the will inside 40. Let Initiation stand down. Mating can pass without a scene.
- **Bridging Effect:** The week ends as it ran: single definition, three reliable overlays (25–51, 10–20, 30–41), a mental 4–63 that already closed, Mating on Sunday through Tuesday and again briefly today, and Thursday's exact Cross occupation already become climate. She did not need people to weld a split she does not have. Wait. Inform. Trust Community, Emoting, Transformation, and Wavelength to carry her through.

Closing Orientation

The spine of these nine days is Thursday's exact occupation of the Personality Cross — Community and the will to rest inside the bargain — with Initiation, Awakening, and Recognition running as borrowed overlays the whole window. Friday lends a brief 21–45 and a Head-to-Ajna formula channel. Sunday through Tuesday lend Mating. Wednesday lights her Moon on 22. Friday brings Mating back for a few hours.

With few people she navigates as a hermit Manifestor. Wait for the wave. Inform the existing 4th-line network if an act is next. Rest the will when 40 asks. Let hanging gates complete only after clarity. Trust what is already defined — Community, Emoting, Transformation, and Wavelength — to carry her through.

Love Yourself,

— The Human Design Experiment

Applied only where the current sky completes or occupies Teresa's defined and hanging channels. Line-level transit listings and line commentary are omitted by design.
